FLOOD LOSSES HEAVY; RAIN STILL FALLING

Loss In Tennessee Estimated at a Quarter of Million.

MAILS AND TRAFFIC DELAYED

Railroad Officials Say Storm Is the the Worst Experienced in the History of the States—Water Covers Miles of Tracks.

Memphis, Nov. 21.—With the rain still falling, at times reaching a down pour, the situation in this section of the state becomes more and more serious. It is estimated that already the flood losses will approximate a quarter of a million of dollars in the county of Shelby.

The following is some of the damage done in this county alone:

Fourten county bridges and 9 miles of levee destroyed, entailing a loss estimated at $100,000.

Ten thousand saw logs, worth approximately $100,000 swept from their moorings in Wolf river.

Railroad traffic generally impeded and practically suspended on several lines, certain lines are receiving no perishable freight for shipment.

Heavy down pour of rain and rising waters made it impossible for wrecking crews to rescue bodies of the Nonconnah trestle victims, who lost their lives in the collapse of that structure on Sunday night.

All mails delayed and rural free delivery service virtually suspended, owing to ruined bridges and roads.

Streets of Memphis suffered great damage by floods and danger signals are placed on frequented thoroughfares.

The road system has suffered incalculable damage and the loss by farmers in crops and live stock is heavy.

A levee camp and outfit destroyed with a loss of $25,000.

Railroad conditions today continue about as they were last night with no immediate prospect of a complete resumption of traffic for the next 48 hours. Railroad officials say that the storm is the worst ever experienced in this section of the country. The Louisville and Nashville is handling the Southern railroad passenger business to Chattanooga and the Nashville, Chattanooga and St. Louis business by way of McKenzie and Humboldt.

Water is over the tracks of the Illinois Central at Jackson and trains on the 'Frisco, Iron and Cotton Belt are all behind their schedule time.

Nashville, Tenn., Nov. 21—A Hopkinsville, Ky., dispatch to the Banner says:

Damage at between $50,000 and $100,000 has been done by the unprecedented rainfall. A cloudburst Monday night caused the river to overflow its banks and the entire business section was flooded. Every basement on Main treet was flooded, causing the walls of Pools Racket store and Martin's furniture store, and a furniture store to give way, causing an almost total destruction of the stocks. Other stores suffered severely. The Illinois Central depot was flooded, compelling the night force to vacate. The depot was loosened from its foundations. The large union tabernacle was flooded three feet deep and the damage is great. Hundreds of houses along the river front are flooded and the occupants compelled to move out. No fatalities are reported. Eleven inches of rain have fallen at Hopkinsville since Saturday morning.

Louisville, Ky., Nov. 21.—The persistent rainfall of the last three days culminated early Tuesday in an electrical storm and cloudburst that made the city tremble. Trees were struck by lightning, the telephone systems of the city were much disorganized and telegraph facilities in all directions were impaired.

Streets in many sections of the city resembled lakes and it was impossible for pedestrians to move about without wading knee-deep in water. Basements were flooded and stocks in several retail establishments were damaged to an aggregate of about $50,000.

The rainfall in Louisville since Saturday has been six inches and at Memphis, Tenn., it has been 10¼ inches. Nearly all trains from the south are arriving in Louisville from one to sixteen hours late.

The formation of the present disturbance which has caused such widespread damage from floods over the Ohio valley, in western Tennessee and Arkansas, is such as to present a remarkable contrast of temperatures east and west of the Mississippi river. To the east of the river the temperatures ranged Tuesday morning from 50 to 70 degrees, while west it is mostly freezing or below.

In northern Texas the temperature is 22 and New Orleans reports 80 at 10:30 Tuesday morning. Snow is reported over the Missouri Valley, Kansas and Oklahoma and sleet and rain in Missouri, while there is a continuation of the rain over the Ohio valley, Arkanasas and southward to the gulf.

South Louisville and other southern suburbs of the city bore the brunt of the damage. The streets and sidewalks in the vicinity of Seventh and P streets, resemble a lake. Canoeing was a possibility at daylight on P street between Sixth and Seventh, and several of the residents brought into service improvised rafts and poled their way from their houses to a point where they could land.

As far in the city as Fourth and A and Fourth and Brandeis streets, the flood was heavy, and many persons living in the vicinity of the Triangle and a few squares beyond were forced to abandon the first floors of their dwellings until the water receded.

Waco, Tex., Nov. 21.—A coat of frozen mist covers everything in central Texas Tuesday, with a temperature of 5 degrees below the freezing point.

It is not believed much damage will be done to the crops, although small grain is above ground, it will take a lower temperature to injure it seriously.

Ft. Worth, Tex., Nov. 21—Reports Tuesday tell of further crippling of railroad traffic in west Texas, and in the Panhandle as the result of the sleet storm. Between Childress and Delhart, Tex., three passenger trains are snow-bound, with no means of communication. West of Ft. Worth wire communication can be had only as far as Baird, 200 miles distant. It is known that a severe sleet and snow storm swept the section west of there. Considerable losses of live stock are reported and much damage would be done to a large amount of cotton yet unpicked in West Texas. It is believed on the other hand that the snow in the Panhadle will be of great benefit to the winter wheat and also lessen the danger from prairie fires which have recently been menacing many sections.

Special Labor Agent Touring South.

Atlanta, Nov. 21.—Frederick C. Croxton, special agent of the bureau of labor, of the department of commerce and labor, was a visitor at the capitol Monday. Mr. Croxton is here studying the immigration question and is making a special study of the labor question in the south. Mr. Croxton has been in the northern part of Georgia for some time. Previous to that he traveled in Virginia investigating the conditions there. Mr. Croxton will report to the department his findings before making them public.

No Opposition to John Mitchell.

Indianapolis, Ind., Nov. 21—Nominations have closed for the election of officers by the United Mine Workers of America. John Mitchell, for president; T. L. Lewis, for vice president, and W. B. Wilson, for secretary-treasurer, have no opposition. The annual convention will be held in Indianapolis on Jan. 15.

Carnegie Denies Story.

New York, No. 21.—The report that Andrew Carnegie has promised a million dollars to Congressman Richard Bartholdt, of Missouri, to promote the cause of international arbitration, was denied at the residence of Mr. Carnegie in this city Tuesday. Mr. Carnegie sent word that there was no basis for the story.

WORSE THAN SAVAGE IS VAGABOND NEGRO

Judge Speer Says Savage Is at Our Door.

HE FREQUENTS DISTILLERIES

Fill Up on Mean Liquor and Then Assaults Women—People of the South Facing Worse Savage Than Our Forefathers Did.

Augusta, Ga., Nov. 21.—Judge Emory Speer delivered, in some respects, a sensational charge to the federal grand jury at the opening of the United States court here. Judge Speer discussed the crimes of the negro against white women and declared that lynching is no deterrent. He declared that "our condition is worse than that of our forefathers of the frontier when the Indians were on the warpath. For," declared the judge, "the savage is at our door and is unsuspected."

Judge Speer spoke of the illicit still as a menace to the rural community and as an incentive to criminal assault and to riot.

He said in part:

"It is the illicit distiller or reailer in the quiet country neighborhood who often supplies to the worthless tramp, without name or home, a fierce intoxicant which drives the blood through his savage brain and imparts to his cowardly nature a desperation which prompt him to deeds of horrid and unmentionable atrocity. I think it can be demonstrated that nearly every crime of this character, which has so shocked and infuriated the southern people, is directly traceable to the demon of the still. We have conditions in the southern states which should arouse to the uttermost the attention of the people, which should compel the supremest effort for swift and radical remedies.

"To the very prosperity of the south are these conditions in part ascribable. While there are thousands, no doubt millions, of people of African descent who work regularly, own homes and farms, strive to better the conditions of their families, to educate their children and to protect them from association with the lower classes, there are, unhappily, thousands who are homeless and nameless vagabonds.

"These men, from the scarcity of labor in our numerous industries, can obtain work anywhere. The high rate of wages enables them in one or two days to secure support for a week. Thus secured without the slightest thought of the future, they refuse to work. 'The idle brain is the devil's workshop.' They stroll around the country as irresponsible as the beasts of the field. When such a vile nomad—the descendant perhaps of a Congo cannibal—superadds to his bestial disposition, his hereditary vice, and the basolute incapacity for moral comprehension, the infuriating influence of poisonous and maddening drink—the opportunity offered—a happy family will contemplate the interval of life which remains then through the blood-shot vision of agony and despair. Infuriated by the unspeakable crimes, the mob is formed, the law is treated as if it were the vaporings of insanity. The brand of Cain is on every participant, and demoralization may settle permanently upon a community once as law-abiding as it was peaceful and happy.

"Is it not then obligatory upon every man capable of thought and worthy of the name patriot, to do all in his power to remove the cause of these fearful conditions? Superficial, indeed, is the attention people have given to the prevention of crimes, to the removal of their causes, to the detection and arrest of criminals. While this is true, the savage is at our door. Our condition is indeed worse than that of our forefathers of the frontier when the Indians were on the warpath. Then every Indian was an enemy. Now a great proportion of our colored people are our friends. Then the block house and the rifle could stand off the savage—now, the savage is unsuspected and is often permitted to escape.

"To punish the offender is in no sense a deterrent of such crimes. The action of the mob—to such brutes, without discourse of reason—as I have attempted to describe, is a lawless manifestation of wrongs and utter loss of self-control on the part of that community which give way to uncontrolled frenzy. The savage, like savages elsewhere, rejoices in the exhibition of fury and frenzy, which demonstrated that he has tortured a people whom he hates. How incalculably more imposing and effective would be the stern and awe-inspiring dignity of conviction and execution by due process of law."

WAS CRAZY WHEN HE SLEW.

Three Alienists United in that Opinion of White's Slayer.

New York, Nov. 21.—That Harry K. Thaw, was insane when he shot and killed Stanford White in Madison Square Roof Garden theater is the expressed opinion of three alienists who examined the prisoner at the instance of his counsel. Their report to this effect was made to Clifford Hartridge, chief counsel for Thaw. The report does not say that Thaw is insane at the present time.

The unanimous opinion of the experts is that Thaw has always been of a neuroti temperament and they report that they have found in the history of his life that he from time to time suffered spells of emotional insanity. The experts who signed the report are Dr. Britton W. Evans, Dr. Charles S. Wagner and Dr. Christopher C. Beling, all of whom stand high in their profession. The report of these experts appears to show that Thaw's defense will be emotional insanity.

Exploit India Rubber Resources.

New York, Nov. 21.—The announcement from Burssels that concessions had been granted companies to exploit India rubber resources, to conduct mining operations and to construct a railroad in the Congo Free State was verified. The concessions it is said, were probably the most valuable ever granted in the world. The rubber business is to be handled by the American Congo company, which was incorporated at Albany about a week ago.

High Price for Turkeys.

New York, Nov. 21.—Turkeys for Thanksgiving dinners may reach 35 or 40 cents per pound this year. Dealers agree that the toothsome bird will be more expensive than in previous years as they can place no reliance in the supply. The wholesale price reached 21 cents Monday, and the retail price is much higher. A plague known as blackhold is sweeping the east, killing thousands of turkeys and dealers say this will diminish the supply.

10 Per Cent Wage Increase.

New Bedford, Mass., Nov. 21.—President Otis N. Pierce, of the New Bedford Cotton Manufacturers' association, has received a communication from the textile council requesting that an advance in wages of ten per cent be granted. It is thought that an advance equal to that offered by the Fall River mill owners to their operatives will be given. The local mills employ about 17,000 hands.

Black Hand Chief Arrested.

New York, Nov. 21—Frank Como, who, the police say, is chief of the black hands in this vicinity, was arrested in Brooklyn for alleged connection with the murder of Antonio Costa, a grocer, who laughed at the threats of the black hand society when he refused their demands for $5,000. A week later, Costa was found shot to death in his shop.

Threats Made to Kill Pius X.

Rome, Nov. 21.—The pope has received personal letters containing threats that he will be assassinated in the apostolic palace, as a protest against the present organization of society. The anarchists, it is added, are ready to employ every means to destroy all institutions supported by religious or by military forces.

Convene at New Orleans.

New Orleans, Nov. 21.—The convention of the association of transportation and car accounting officers began here Tuesday. Members of this association represent railroads owning about 1,500,000 cars. The sessions of the convention are executive.

TROOPS REPRIEVED FROM DISGRAC

Taft Orders That Further D charges be Suspended.

ADVICES WAITED FROM TED

War Department Has Been Delug With Protests Against the Order D recting the Discharge of the Ne Soldiers.

Washington, Nov. 21.—Acting u der orders of Secretary Taft, Ma General Ainsworth, military secreta has directed that further dischar of the men of the three negro co panies of the Twenty-fifth infantr on account of of the shooting Brownsville, Tex., be suspend pending further orders.

The action, it is stated, is in o der to await the return of Secret Taft to Washigtion and is pend further advices from President Roo velt, who has been communica with on the subject.

The war department has been f uged with protests against the or directing the discharge of the th companies. It is reported that a f their investigation will be made, a that certain officers may be called for an explanation of the moveme of these men at the time the Brown ville incident occurred.

"The three companies of the Twe ty-fifth infantry were ordered d charged because it is not safe to ha them in the army. They can be trusted, and for the protection the public and the preservation of discipline of the army their dischar is necessary," acting Secretary O ver of the war department said Mo day.

"The idea sems to prevail that men were ordered discharged becau they refused to tell on their compa ions and because they are bla Nothing could be further from truth. These soldiers shot up a tow All of them refuse to tell anythi about the disgraceful affair at Brown ville, which resulted in murder. companies are shielding murder who are criminals of the worst so Every effort possible has been ma by the war department to find guilty men, but without avail. these companies were permitted remain in the service and were shoot upon another town and en endanger the lives of citizens, the department would be in an in fensible position. It is impossible courtmartial each of the men in th companies, for a charge cannot preferred against every one of members of the companies. The gu ernment has no means of punishi the crime except by discharging the men."

New York, Nov. 21.—Secret Taft arrived here from New Ha Monday night and went to the hom his brother, Henry W. Taft. declined to talk about the delay carrying out the order for the d honorable discharge of the negro s diers.

Collier's Weekly has received a d patch from its correspondent who traveling with the president in asking if Mr. Roosevelt had sugg action in regard to the negro soldi until he got home. The reply w that the president's views are "u and unchanged," that the dischar ment is due to him and that the pr ident's view is that the negro s diers, in refusing information nec sary to the apprehension of the m who committed criminal a ts at town of Brownsville, Tex., at the very heart of militar and discipline. Had the whit done this same thing, the rep they would have suffered the penalty. In conclusion, (illegible) says:

"Be the offenders white the president proposes to m antagonism. His action in e Brownsville matter was taken face of much adverse influ ence advice before he left. There is no amelioration of the pa in the men concerned show of duty as citizens and giving up the offenders to

BIG CIRCUS WILL STRIKE TOWN TODAY

Cole Bros.' Magnificent Shows to Give Two Performances Here.

ONE OF BEST ON ROAD

The Entire Show, Including the Magnificent Band, Will Appear Here in Its Entirety—Crowds Expected From Every Section of Country.

Have you who patronize tent shows, ever considered the important part the band fills? Most likely few, if any of you, ever gave the matter a thought. Yet what would the performance be were it not for the men who play brass? As dismal a failure, you remark, as would grand opera be without an orchestra. Quite correct. There's something magical about a tent show band, too. Whether one stands upon the street corner as the parade passes, or sits within the huge canvas amphitheatre listening to the musicians, there is awakened an unknown something within one's system which sends the blood tingling through one's veins as nothing else can. There are bands and bands, but never has a single one approached the perfected excellence of the superb organizations for which Cole Brothers' United Shows have long been noted. This season Messrs. Cole have specially engaged one of the foremost bandmasters and concert bands now before the public, Prof. Von Oster and his own company of carefully selected and finished musicians. The men are skilled instrumentalists who have been educated to a high degree of proficiency. Director Von Oster is furthermore a past-master of program-making, catching the passing fancies of the people, mingling popular selections with classical music. This is a rare talent, but an invaluable one for a leader. When in England a year ago Prof. Von Oster's band gave one of its choice musical recitals in Windsor Castle "by command" of King Edward, thus adding to its international reputation. It is claimed that while in America this organization will be heard only in Cole Brothers' Shows, which will be seen in this city this afternoon and evening.

For forty-five minutes preceding the two performances the band will occupy the center stage in the "big top" from which it will render a high-class concert. That you will miss no part of this rare treat it will be advisable for you to reach your seats early.

There will be a grand free street parade at 10:30 o'clock this morning, which promises to surpass anything of the kind ever seen here.

The show will be located on the Beville property, West Main street S., which was the only space in the city sufficient for the accommodation of the mammoth enterprise.

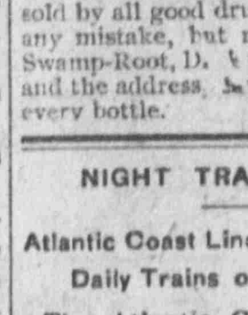
DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.



It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

NIGHT TRAIN SERVICE.

Atlantic Coast Line Now Has Double Daily Trains on This Division.

The Atlantic Coast Line has inaugurated its double daily service on the Jacksonville-St. Petersburg division, which enables passengers now to reach the points traversed by this line with more convenience and frequency.

This service will be highly appreciated by the traveling public, more especially the people of Gainesville. Parties may now leave Gainesville at 4:05 in the morning, spend a full day in Jacksonville and return home, reaching here at midnight.

Ticket Agent Goodwin announces already a great increase in ticket sales notwithstanding that the service has been in effect only three days.

GUARANTEED BY J. W. M'COLLUM & CO.

Mi-o-na the Only Stomach Remedy They Sell in This Way.

The guarantee given by J. W. McCollum & Co on Mi-o-na stomach tablets means something.

It is their personal promise that they will refund the money in case Mi-o-na does not do all that is claimed for it in curing indigestion, strengthening the whole digestive system and restoring the health of those who use it.

If the head aches, if the back and side are painful, if there is distress and nausea after eating, if you are sleepless, nervous, and out of sorts, you can with perfect confidence get a 50-cent box of Mi-o-na from J. W. McCollum & Co. knowing that the remedy will cost you absolutely nothing unless it gives you freedom from all ills and pains and restores you to health.

No one thing is the cause of more suffering and pain than indigestion. Many cases of so-called kidney disease, heart trouble and nervousness are only different ways in which a weakened digestive system shows itself.

Use Mi-o-na stomach tablets and your ill-health will soon be gone, and you will forget that you have ever had indigestion or its resulting ills.

J. W. McCollum & Co. can tell you of their customers who have been restored to health by the use of this remedy, but the best evidence of their faith in its powers to cure is the positive guarantee they give with every package, something that they do not feel like giving with any of the other stomach remedies they have in their store.

The Marriage Docket.

The recent warm spell has had a tendency to decrease the marriage docket in County Judge Mason's office. There has been a few licenses issued within the past three days, however, as follows: J. Hugh McComb and O. May Silvas, Robert Davis and Charlotte Long, Stephen H. Bowers and Edith T. Castles, white, and Lewis Gilbert and Mary Proctor, colored.

HAD A BIG TIME.

Roll-Call Meeting of Knights of Pythias Proved a Grand Success.

One of the most enjoyable functions of the season among the secret fraternities was the roll-call meeting of Mount Vernon Lodge No. 20, Knights of Pythias, which was held at the castle hall Tuesday evening.

The session was largely attended, every member being present. Among the visitors were Dr. J. F. McKinnon and J. O. Andrews, two of the former members of Mount Vernon. Their meeting was a most pleasant one and their presence was appreciated by other members of the lodge.

At the conclusion of the exercises in the lodge room, those present were treated to a fine collation consisting of coffee, sandwiches, coffee, etc., which needless to add were greatly enjoyed.

THE MISSIONARY SERVICES.

Meetings Are Being Well Attended, and Are Greatly Enjoyed.

The missionary meetings at Kavanaugh Methodist Church which have been in session during the present week have been well attended, and have proved of great interest to those who have been present.

The following program will be rendered this afternoon, when Mrs. W. F. Yocum will be the leader. The topic will be, "Work of the Woman's Home Mission Society for Foreigners:"

1 Hymn—Come Thou, Almighty King.
2 Responsive Reading, James II.
3 Prayer.
4 Scripture Lesson, Universal Trust Luke 19-27.
5 Hymn—Onward Christian Soldiers.

Honor to Mrs. Tench.

At the U. D. C. convention just held at Gulf Port, Miss., the J. J. Finley Chapter was honored by the nomination of one of its members, Mrs. Jno. W. Tench, to the important office of Custodian of the Crosses of Honor. In a few well chosen words Mrs. Tench thanked the convention for the honor thus done Florida through her, but declined the nomination, reserving the privilege of naming Mrs. Haines of Savannah, Ga., who vies with Mrs. Gordlett of Tennessee for the honor of being the organizer of the grand body of United Daughters of the Confederacy which now numbers over 40,000. Mrs. Haines was unanimously elected.

Delegates report the convention largely attended and a success.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. Sold by W. M. Johnson.

MELROSE NOTES.

Resignation of H. von Noszky As Justice of Peace—Other Matters.

Melrose, Nov. 21.—The many friends of Robert E. Storrs of Macon, Ga., extend best congratulations at his promotion as assistant United States Attorney for the Southern Division of Georgia. Mr. Storrs lived in Melrose for many years, and seldom misses a winter for a visit to his old friends.

Mrs. E. M. King has returned from her annual visit North.

H. W. Hamlyn took quite a large party on his motor launch to visit the Maxwell grove on Monday afternoon. To many of the visitors a packing-house in full operation was a novel and interesting sight.

The resignation of H. von Noszky as justice of the peace for the Fourteenth District has been accepted by the Governor.

News has been received in town of the recent death of J. A. Goodale, at Dover, N. J. He was the owner of the well known Bonnyplace on the Melrose cove.

Mrs. S. Coward left Monday for a visit to relatives at Tampa.

The chances are very good that Melrose will have a resident Episcopal minister during the winter season.

Two wagon-loads of the young people enjoyed themselves greatly at a cane-grinding party at H. Alderman's on Monday night.

Bilious Attack Quickly Cured.

"A few weeks ago I had a bilious attack that was so severe I was not able to go to the office for two days. Failing to get relief from my family physician's treatment, I took three of Chamberlain's Stomach and Liver Tablets and the next day I felt like a new man."—H. C. BAILEY, Editor of The News, Chapin, S. C. These tablets are for sale by all druggists.

Killed in Auto Accident.

New York, Nov. 21.—Daniel Barkalow, a Paterson, N. J., cotton broker, who was one of the party found in the automobile in which Tom Cooper, the bicyclist, and automobile driver, was killed in Central park, Monday night, died Tuesday. Miss Ellen Lambert, another member of the party, who also was seriously injured, is not expected to live through the day. The fourth member of the party, a young woman who gave her name as Virginia Vernon, and said her home is in Jersey City, has a broken leg and is suffering from the shock. It is believed she will recover. Miss Lambert said that the accident was due to Cooper suddenly turning out to avoid a collision with a cab and then colliding with a stalled automobile.

A Fatal Smash-Up.

Scranton, Pa., Nov. 21.—One man was killed, four others injured and three locomotives and two milk cars destroyed in a head-on collision on the Delaware, Lackawanna and Western at Lehigh, near here. All the injured were brought to this city. William Merritt, a fireman, aged 21, was killed.

Had a Close Call.

"A dangerous surgical operation involving the removal of a malignant ulcer as large as my hand from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Buckel of Miletus, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25c at all druggists'.

Guests of Hotel Driven to Street.

Chicago, Nov. 21.—Guests in the Barnes House, on West Randolph and Canal streets, were driven into the street Tuesda by a fire which destroyed a neighboring six-story building occupied by manufacturing firms. Loss is estimated at $100,000.

When the Hair Falls

Stop it! And why not? Falling hair is a disease, a regular disease; and Ayer's Hair Vigor, as made from our new improved formula, quickly and completely destroys that disease. The hair stops falling out, grows more rapidly, and all dandruff disappears.

Does not alter or change the color of the hair.

Female Weakness

"Last Fall," writes Mrs. S. G. Bailey, of Tunnelton, W. Va., "I was going down by inches, from female disease, with great pain. After taking Cardui, Oh! My! How I was benefited! I am not well yet, but am so much better that I will keep on taking Wine of Cardui till I am perfectly cured."

Despite the envious attacks of jealous enemies and rivals, Cardui still holds supreme position today [as in the past 70 years] for the relief and cure of female diseases. It stops pain, tones up the organs, regulates the functions, and aids in the replacement of a misplaced organ.

GREAT MEGER OF RAILWAYS.

Northern Pacific, Great Northern and Burlington To Become One.

Omaha, Neb., Nov. 21.—Within one week the equity which the Northern Pacific now holds in the Burlington will pass into the hands of the Great Northern and within fifteen days the Burlington and Great Northern will be merged into one vast system with James J. Hill in control.

This statement was made by a man close to the official family of the Hill roads who has just returned from Chicago, where the intricate operation of this gigantic transaction is now being perfected. He makes the statement without reserve.

So far as the line of track of the Great Northern, Northern Pacific and Burlington are concerned, these three roads lack but one little link now of being, in fact, one great system. When the short cut from Billings to Great Falls, Mont., is completed, the unification will be consummated. The western terminus of the Burlington is Billings, where it meets the Northern Pacific. A line has been in progress of construction for some time from Billings to Great Falls, where the Great Northern runs on its way to the coast.

This line will be soon finished, and when it is, the three great railroads will be joined and merged physically into one vast system.

Sells More of Chamberlain's Cough Remedy Than of All Others Put Together.

Mr. Thos. George, a merchant at Mt. Elgin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do of all other lines I have on my shelves put together. Of the many dozens sold under guarantee, I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best of results." For sale by all druggists.

Blaze in Mid-Ocean.

New York, Nov. 21.—A slight blaze in one of the steerage compartments of the Princess Irene, caused by a defective electric wire, caused a brief panic while the steamer was in midocean. It was learned on the steamer's arrival here today that no one was hurt, that the sparks were quickly extinguished by Fourth Officer Rosenow, and that news of the fire did not reach the cabin passengers.

Famous Strike Breakers.

The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowels go on strike, they quickly settle the trouble, and the purifying work goes right on. Best cure for constipation, headache and dizziness. 25c at all druggists'.

Made a Break for Liberty.

Jackson, Miss., Nov. 21.—Five convicts made a break for liberty at the Parchman farm Monday morning. One negro was wounded in a pitched battle, three were recaptured and the fifth escaped by swimming the Sunflower river.

OPEN PUBLICITY THE BEST GUARANTY OF MERIT.

When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing broadcast as well as on its bottle wrappers, a full list of all its ingredients *in plain English*, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will bear the fullest scrutiny and the most thorough investigation. Dr. Pierce's Favorite Prescription for the cure of the weaknesses, periodical pains and functional derangements of the organs distinctly feminine, is the only medicine put up for sale through druggists for woman's special use, the maker of which is not afraid to take his patients into his full confidence by such open and honest publicity.

A glance at the published ingredients on each bottle wrapper, will show that it is made wholly from native, American, medicinal roots, that it contains no poisonous or habit-forming drugs, no narcotics and no alcohol—pure, triple-refined glycerine, of proper strength being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's pecular diseases, sold by druggists, that does not contain a large percentage of alcohol, which is in the long run so harmful to woman's delicate, nervous system. Now, glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic value all its own, and besides it enhances the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed—recommending them for the cure of the very same diseases for which this world-famed medicine is advised. No other medicine for women has any such *professional* endorsement—worth more than any number of ordinary testimonials. If interested, send name and address to Dr. R. V. Pierce, Buffalo, N. Y., for his little book of extracts from the works of eminent medical writers and teachers, endorsing the several ingredients and telling just what Dr. Pierce's medicines are made of. It's *free* for the asking.

Threatens Serious Trouble.

New Orleans, Nov. 21.—The arrest Sunday evening of the Mexican vice consul, Anselmo de la Porta, Jr., and Emilio Aleman, Jr., who is private secretary to his father, Consul Aleman, for alleged violation of the Louisiana state game laws, which provide that no foreigner or non-resident can hunt without a license, threatens to involve questions of international law. Both were placed under bond to appear in court next week. The young men have engaged counsel, and will fight the case on the ground that being attaches of the Mexican consulate, the law entitles them to all the rights and protection of American citizenship.

G.B.Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Broker Shot by Woman.

New York, Nov. 21.—Gustav Simmons, senior partner of the Queen Water company, was shot and probably mortally wounded in the offices of the company, at 604 Broadway by Louise de Massy, an employe of the company. Miss de Massy went to the office to get her salary and was told to return at 5:30, the usual hour for paying wages. According to the police, she drew a revolver and shot Simmons three times. He was removed to a hospital and the woman was arrested.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

The New Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

LEFT ALL TO DAUGHTER.

With the Exception of $10,000 of Life Insurance.

Vicksburg, Miss., Nov. 21.—The will of Mrs. Varina Jefferson Davis, wife of the president of the confederate states, was filed in this city at the office of the chancery clerk of Warren county, in solemn form for probate. The will leaves to Mrs. Davis's daughter, Mrs. Margaret Howell Davis Hayes, of Colorado Springs, Colo., all of the estate with the exception of $10,000 life insurance

"Of this sum," says the testatrix, "I leave Miss Anna Davis Smith the sum of $1,000; Miss Margaret Green Davis, $1,000; my nieces Varina Davis and Mary Peacock Howell, the orphan children of my brother, $1,000; to my faithful old nurse, Mary Ahern, $1,000; to my sister, Mrs. Margaret Stoess, $2,000, to Dr. James Shorter, of Macon, Ga., in memory of his professional services, $500; to my faithful maid, Margaret Josephine Connelly, $1,000; to Mrs. Elizabeth Hooks, of Lees Station, La., $50."

In her will Mrs. Davis refers to her residence away from the south, saying she considered the south her home.

In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cure of colds and it should be kept at hand ready for instant use. For sale by all druggists.

Oil Magnate Pleads Guilty.

Findlay, O., Nov. 21.—H. P. McIntosh, of Cleveland, a director of the Standard Oil company, of Ohio, one of the men indicted by the grand jury last week, pleaded not guilty to the charge of violating the Valentine anti-trust law and was released on bail of $1,000.

Croup.

A reliable medicine and one that should be kept in the home for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given as soon as the child becomes hoarse, or even after the croupy cough appears. For sale by all druggists.

Met His Son's Fate.

Bedford, Ind., Nov. 21.—David Alvis, aged 70, was killed by a Monon freight train at Mitchell. A son was killed at Orleans a year ago by a Monon train. Another son, Noah Alvis, is a well known engineer.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The effort to make Hernando a wet county was a signal failure. The vote against whiskey was five to one. Good for Hernando.

The Tampa Tribune says if Frank Clark had delivered his speech in every county in the State it is doubtful if the drainage amendment would have polled any votes at all.

Arizona only cast fifteen per cent of the vote for joint Statehood, so it is quite doubtful if all the Rough Riders followed the President's advice, and it is certain that the Cow Boys did not want to be dictated to from Washington.

The Sun is not one of those newspapers that believes that a man is an eternal scoundrel simply because he may differ with it in the advocacy of public measures. This would be a queer world if every person was of the same opinion.

The President has reprimanded Prof Moore of the Weather Bureau for mixing up with the labor question. If President Roosevelt would have the Weather Bureau investigated he would find other matters in such condition that it would require more than a reprimand to straighten out.

By the way, the boasted "publicity" that President Roosevelt at one time thought would settle the trust question was dropped like a hot potato after that first and compromising Beef trust report which acted as a boomerang by injuring the publicists a good deal more than the trust.

Oklahoma and Indian Territory entirely repudiated the Federal officials and have cursed them, by electing nearly every Democratic candidate to the constitutional convention. This almost assures a solid Democratic delegation to the next Congress of two United States Senators and five Representatives.

And now it is intimated that ex-Governor Bloxham may be a candidate for Governor in 1908. He has never been defeated for a nomination to which he aspired and should he be a candidate he would be a hard man to down. The people of Florida love W. D. Bloxham and would delight to honor him again.

It seems utterly impossible for the Republican party to divest itself of trust magnates and corruptionists. If the aid of the Democrats it is enabled to throw off a Dryden in New Jersey and a Wetmore in Rhode Island, in Colorado it accepts the money of the Smelter Trust and is compelled to take Guggenhimer and endorses Penrose in Pennsylvania.

It is not unlikely that at least one of those newspaper men who criticised Judge Boyd L. Carter's advocacy of the drainage amendment will regret it before the next Legislature adjourns. The Judge is a hard fighter and has never been known to turn the other cheek. He is true as steel to his friends, and simply because he advocated Governor Broward's pet scheme is no evidence that he believes the Governor is right in some other matters. He has no string tied to him, and will advocate what he believes for the best interests of the people.

DEMOCRATIC GAINS.

The election news, since the full returns have been reported, shows great Democratic gains. The election of all the State officers in New York, other than Governor, by small Democratic majorities in spite of all the weight and influence of the Administration, indicates that the great heart of the Empire State still beats in unison with Democracy and with popular candidates in 1908 the electoral vote of the State is likely to be in the Democratic column.

But the most wonderful change from abject surrender to the trust and corporation to the reviving influences of good government is in New Jersey. A tabulation of the votes by counties shows a Democratic majority of 11,280 in the State. The Republican plurality for the Assembly tickets last year was 57,978 and Roosevelt was elected by 80,000, and there was 51.000 majority for the Republican Governor. This is the first Democratic majority in the State since 1893 and indicates that "Jersey justice" will cleanse the State of the ring of corruptionists and grafters that have infested her and, like New York, will be again a doubtful State with the chances favoring the Democracy.

The other Democratic gains are in Rhode Island, Minnesota, North Dakota, Missouri and Oklahoma, which States all gave large Democratic majorities. The Democratic candidate for Governor of Kansas was only defeated by 2,000 votes, a gain of 65,000 over the vote of 1904. The Democratic gain of over fifty members of Congress shows the general trend of the country to swing towards Democratic policies and when the standpat doctrine of the Republican Congress further indicates that real tariff reform is impossible as long as that party controls the legislative branch of the government, there will be a still greater revolt against high trust prices, which those corporations are protected by the tariff in extorting.

All that Democrats have to do to ensure success is to get together on essential policies and leave any differences on minor matters to be settled by Congress and Legislatures as they arise and perfect their organization in the several States that will see that Democratic voters go to the polls and their votes are honestly counted.

A REPUBLICAN DILEMMA.

The Republicans nominated a negro judge in Chicago, and although many of the voters of that party cut him at the polls, he was elected. They now find he is an ebony elephant on their hands and are trying to get him to resign. It would seem that the Republicans should stand by their party choice now he is elected, for although the negro they nominated for judge was merely intended as a steel pigeon, to draw and catch the other negroes in the Republican net, they should certainly abide by the result. As far as the Democrats are concerned they are rather pleased at their opponents' show of lack of consistency, but will not join in any effort to upset the votes of the majority of the people.

The determination of Mrs. Russell Sage to reserve only a comfortable living for herself out of the $80,000,000 left her by her husband, and give the rest to the deserving poor--not to the already richly-endowed churches and schools--not only shows her to be a very noble woman, but is especially noteworthy for its new and sensible departure from the usual way of millionaires in giving on a large scale. Mrs. Sage proposes to do good to the needy individual direct with her money, and not give it to institutions already gorged with enormous wealth and where, if it does anything at all for the betterment of mankind, it is not visible to the naked eye and the suffering poor of the country never discover it.--Live Oak Democrat.

It is said that the "powers that be" have their tomahawks out for Hon. Frank Clark's "scalp" on account of his anti-drainage speech at Tampa on Saturday night before the election. These people had better beware lest the Honorable Frank has their scalp first. He is today the strongest man, politically speaking, in Florida, and nothing would delight his friends more than to see certain men openly declare "war" on him for it would mean the annihilation of "pothouse" politicians who should never have been elevated to power.

PURE WATER.

Every Home Can Have It With Little Trouble and Expense.

A good filter is an expensive thing, a poor one is of little or no account, and almost any filter, unless it is kept clean, is more destructive of life and health than the water it filters. The care of the filter can never be given over to the care of irresponsible servants. It soon begins to smell foul, and it is ultimatetly given up with disgust, as costing more than it comes to.

It is within the power of every housekeeper to provide the family with pure and sparkling water at the expense of but a few cents a year and the smallest amount of attention every day.

In France the purifying of water in this way is carried on to a considerable extent and with elaborate and expensive machinery. But with no machinery at all the housewife can produce practically the same result.

Take any vessel you may chance to have handy. I have found a stone pot, which you can buy any place for 10 cents, one that slopes down the sides to a small base at the bottom, about the best of anything. Be sure that your vessel is clean. Fill it nearly full with water from the faucet.

The rule for mixing the precipitating purifier which you are about to use is 1 to 6,000. It is more than likely that you will have no way to ascertain these exact proportions, but do not let that discourage you. A little experience is worth a good deal in this world, whether the work be done is complicated or simple. A few days of trial in using the separator will serve to guide you all right.

For a starter, say that to a pitcher holding a quart of water you take a small amount of pulverized alum, about what would go on the rounded point of the blade of a pocketknife, toss it into the water and mix it thoroughly. This you can do with a spoon, an egg beater or a whip cream churn. The only thing is to see that the alum is thoroughly mixed with the water, and it takes considerable stirring to do this.

If you notice little moss islands in the water, which same little islands do not seem to want to go to the bottom with their companions, you will know that you have not properly mixed the alum with the water. As water costs nothing and the alum but the merest trifle, you can throw the water away and "set" some more. But you need not do this. All you have to do is to stir it all up good again.

When the work is properly done the water is crystal clear and has a live taste. One thing that makes distilled water so unpalatable is the absolutely dead taste it has.

Another great advantage of water thus prepared is that it is not subject to auto-infection or self contamination, which is such a great enemy to most filtered waters. This water will remain pure even though exposed to the air in open vessels for thirty-six hours.

Although so small an amount of alum would not hurt you if you were to drink every particle of it, be not alarmed. You do not get any of the alum when you drink, for the water upon analysis is found to be chemically free from alum. The alum has settled to the bottom in an insoluble compound with the filth and impurities it has carried with it.

In half an hour or less you will see a deposit on the sides and bottom of your pan or pot in which you have "set" your water. If you will shake the vessel a bit you will see this deposit go to the bottom. If you can spare the time the water should stand for about six hours before it is decanted. Then place in clean bottles on the ice.

In this way you drink a pure, cold, sparkling water without the contamination that is bound to come from putting ice in the drinking water unless the ice has been manufactured from filtered water.—Ruth Everett in New York World.

WEB OF THE SPIDER.

The Many Uses to Which Its Singular Spinner Puts It.

Spiders form good subjects for rainy day study, and two hours spent in a neglected garret watching these clever little beings will often arouse such interest that we shall be glad to devote many days of sunshine to observing those species which hunt and build and live in the open fields. There is no insect in the world with more than six legs, and as a spider has eight he is therefore thrown out of the company of butterflies, beetles and wasps and finds himself in a strange assemblage. Even to his nearest relatives he bears little resemblance, for when we realize that scorpions and horseshoe crabs must call him cousin we perceive that his is indeed an aberrant bough on the tree of creation.

Nature has provided spiders with an organ filled always with liquid, which on being exposed to the air hardens and can be drawn out into the slender threads which we know as cobweb. The silkworm incases its body with a mile or more of gleaming silk, but there its usefulness is ended, as far as the silkworm is concerned. But spiders have found a hundred uses for their cordage, some of which are startlingly similar to human inventions.

A list of all the uses of cobwebs would take much space, but of these the most familiar is the snare set for unwary flies—the wonderfully ingenious webs which sparkle with dew among the grasses or stretch from bush to bush. The framework is of webbing, and upon this is woven the sticky spiral which is so elastic, so ethereal, and yet strong enough to entangle a good sized insect. How knowing seems the little worker as, the web and his den of concealment being completed, he spins a strong cable from the center of the web to the entrance of his watchtower. Then, when a trembling of his aerial spans warns him of a capture, how eagerly he seizes his master cable and jerks away on it, thus vibrating the whole structure and making more certain the confusion of his victim.

Those spiders which leap upon their prey instead of setting snares for it have still a use for their threads of life, throwing out a cable as they leap to break their fall if they miss their foothold. What a strange use of the cobweb is that of the little flying spiders! Up they run to the top of a post, elevate their abdomens and run out several threads, which lengthen and lengthen until the breeze catches them, and away goes the wingless aeronaut for yards or for miles, as fortune may dictate! We wonder if he can cut loose or pull in his balloon cables at will.

A most fascinating tale would unfold could we discover all the uses of cobweb when the spiders themselves are through with it. Certain it is that our ruby throated humming bird robs many webs to fasten together the plant down and lichens which compose her dainty nest.

Search the pond and you will find another member of the spider family swimming about at ease beneath the surface, thoroughly aquatic in his habits, but breathing a bubble of air which he carries about with him. When his supply is low, he swims to a submarine castle of silk, so air tight that he can keep it filled with a large bubble of air, upon which he draws from time to time.

And so we might go on enumerating almost endless uses for the web, which is nature's gift to these little waifs who ages ago left the sea and have won a place for themselves in the sunshine among the butterflies and flowers.—C. William Beebe in New York Post.

An Ingenious Ruse.

Herodotus tells of an ingenious ruse employed to carry an important message through the lines of the enemy. Histiaeus, being anxious to give Aristagoras orders to revolt, could think of no means to send the message to his ally, as all the roads were carefully guarded. Finally he hit upon a scheme. Calling his trustiest servant to him, he ordered that the man's hair be shaven off. He then pricked the desired message on the scalp of the slave and, waiting until his hair had grown out, dispatched him upon the errand. The messenger passed safely through the lines, and when he reached Aristagoras his head was again shaved and the message read.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' dance, which yielded to no treatment but grew steadily worse, until as a last resort we tried Electric Bitters, and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by all drug stores. Price, 50c.

THE DAILY SUN, 10c a Week

STRIKE BREAKERS ARRIVE.

To Take Places of Men at Waycross Who Left Work.

Waycross, Ga., Nov. 21.—Several men arrived here Monday night to fill the places of the striking switchmen and switch foreman and it looks as if the railroad yard troubles here will be straightened out within a day or two.

The condition of the yard Monday night was really better than it has been for some time, which is accounted for by the fact that the company has sidetracked most of the freights routed for Waycrosss, or forwarded them to the destination by some other road. The yard force Monday was composed of three new men from the City of Charleston, several conductors, the general yardmaster and the trainmen, but with this small force the yard has been cleared of perishable freight and a number of trains were sent out.

The negro switchmen, who went out with their foreman, returned to work Monday night, and with the new men who arrived on the afternoon trains and those expected Tuesday, it is expected that the yard will be working under its normal force within a short time. It was stated Monday night that the railroad company has declined to reinstate any of the striking foremen.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored, and to time has proven, permanently cured." Guaranteed for sore lungs, coughs and colds, at all drug stores. Price, 50c and $1. Trial bottle free.

Third Iowa Monument.

Chattanooga, Nov. 21.—A third monument to Iowa troops was dedicated Tuesday afternoon, the occasion being marked by the presence of confederate veterans and G. A. R. comrades fraternizing and assisting. The shaft stands in Rosville Gap, near the Georgia line and is a very elaborate one. It has been twice broken while being placed in position, delaying the work for months. The ceremony was more elaborate than the two held Monday in that it embraced the acceptance of the monument by Governor Cummins, of Iowa, and the United States general, E. A. Cowan, chairman of the National Park Military commission, represented the secretary of war. The presentation to the government was made by Captain G. A. Young, General Granville M. Dodge, and Captain R. D. Creamer, also made formal addresses.

"Green Goods" Man Arrested.

New York, Nov. 21.—A phase of the "green goods" game was brought to light in the arrest Monday of Samuel Krakowk, charged with having in his possession paper in imitation of that used in the manufacture of bank notes. According to Chief Flynn of the secret service, the scheme is to sell the victim a machine with which to manuafacture United States treasury notes. The claim is made that the machine is one which has really been used in the making of money which have been replaced by new machines, or that it was stolen from the treasury department. Good bank bills, dampened and touched up to appear fresh are shown as the product of the machine. The bogus machines have been sold, it is said, to victims for sums ranging from $1,000 to $5,000.

Chapped Hands.

Wash your hands with warm water, dry with a towel and apply Chamberlain's Salve just before going to bed, and a speedy cure is certain. This salve is also unequaled for skin diseases. For sale by all druggists.

State Fair at Tampa.

On account of the Florida State Mid-Winter Fair at Tampa, Nov. 14th to 29th, the Atlantic Coast Line Railway will sell tickets for one fare plus 75 cents (including admission coupon) for the round trip. These tickets will be on sale from points north and west of Archer, Gainesville, Rochelle, Hawthorn and Palatka, including these points, Nov. 13, 15, 17, 20, 22, 24, 27 and 29th. From points south of the above points and not including them Nov. 14th and daily thereafter except Saturday and Sunday up to and including all trains scheduled to arrive in Tampa before noon of Nov. 29th. Final limit leaving Tampa Nov. 30th.

The Tampa Fair this year will be on a much larger scale than heretofore and large crowds will go from all points in this and other States. It will be an excellent opportunity to meet old friends and renew pleasant acquaintances.

Full information can be had from all Atlantic Coast Line agents or from Frank C. Boylston, District Passenger Agent, Atlantic Coast Line, Jacksonville, Fla.

THE TRADE RAT.

Odd Ways of This Peculiar Little California Rodent.

One of the oddest little animals in existence is the California wood rat, better known as the "trade rat." It owes the latter name to the fact that, though it is a great thief, it never steals anything without putting something else in its place. It is said that a paste pot which had been left overnight in the assay office of a silver mine in that state was found in the morning with the oddest collection of rubbish. This was the work of trade rats. They had stolen the paste and left in exchange a piece of stick, a length of rope, some odds and ends of wire and an unbroken glass funnel. The object of the trade rat in so scrupulously paying for what he takes is something of a mystery, but these same rats certainly take the greatest pleasure in the odds and ends which they steal and collect.

In Lindsay's "Mind In Lower Animals" a description is given of a trade rat's nest found in an unoccupied house. The outside was composed entirely of iron spikes laid in perfect symmetry, with the points outward. Interlaced with the spikes were about two dozen forks and spoons and three large butcher knives. There were also a large carving fork, knife and steel, several plugs of tobacco, an old purse, a quantity of small carpenters' tools, including several augers, and a watch, of which the outside casing, the glass and the works were all distributed separately, so as to make the best show possible.

The trade rat has its South American counterpart in the viscacha, a pretty little relative of the chinchilla, which lives in families of twenty or thirty on the pampas. Everything that takes its fancy and is portable is carried by the viscacha and piled in neat little heaps at the mouth of its burrow. If a ranchman drops his watch or any similar article he always searches the viscacha burows in the neighborhood and generally finds his lost property.—Chicago News.

ABORIGINES OF AFRICA.

Vaalpens Seem to Be the Lowest Order of Cannibals.

An obscure race may possibly be the true aborigines of Africa south of the Zambezi.

These are the Kattea, or Vaalpens, as they are nicknamed by the Boers on account of the dusty color their abdomen acquires from the habit of creeping into holes in the ground, who live in the steppes region of the north Transvaal as far as the Limpopo.

As their complexion is almost a pitch black and their stature only about four feet, they are quite distinct from their tall Bantu neighbors and from the yellowish Bushmen.

The "dogs" or "vultures," as the Zulus call them, are the "lowest of the low," being undoubtedly cannibals and often making a meal of their own aged and infirm, which the Bushmen never do.

Their habitations are holes in the ground, rock shelters and lately a few hovels. They have no arts or industries or even any weapons except those obtained in exchange for ostrich feathers, skins or ivory.

Whether they have any religious ideas it is impossible to say, all intercourse being restricted to barter carried on in a gesture language, for nobody has ever yet mastered their tongue, all that is known of their language being that it is absolutely distinct from that of both the Bushman and the Bantu.

There are no tribes, merely little family groups of from thirty to fifty individuals, each of which is presided over by a headman, whose functions are acquired not by heredity, but by personal qualities.

So little information is available concerning the Kattea that it is impossible to say anything about their racial affinities.—Scientific American.

A Queer Marriage Custom.

Members of the M'jiji tribe, who live on the Limpopo river, wear an extraordinary "marriage dress." This weird and uncomfortable looking costume is made entirely of split reeds, fastened together with grass, and the unhappy bachelor who contemplates matrimony is compelled to wear it for three solid months before the happy event comes off, meanwhile leading a life of strict seclusion. What effect this extraordinary custom has on the popularity of marriage among the M'jijis is not known, but it was only with the utmost difficulty that some members of the mounted police, who encountered some would be Benedicts, induced them to allow their photographs to be taken. —Wide World Magazine.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, and do not take chances with some no-known preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

MALARIA AN INSIDIOUS FOE TO HEALTH

Malaria is an atmospheric poison which we unconsciously breathe into our lungs through the impure air arising from low, marshy places, stagnant ponds, damp cellars, sewer pipes, improperly ventilated houses, decaying vegetable matter, etc. Day after day these germs and poisons are taken into the lungs, and as the blood passes through them it becomes infected with the poison and in its circulation distributes the microbes of disease to all parts of the body. Malaria is a very insidious disease; it gives no warning of its coming until the circulation is filled with the poison and this foe to health has the system at its mercy. The blood becomes polluted, thin and weak and its slow, irregular circulation fails to properly nourish and strengthen the body. Then the entire system is attacked, and if the germs and poisons of Malaria are allowed to remain the strongest constitution will break down. No one can feel well when the system is in a malarial condition; the vitality is weak, the appetite poor, digestion deranged, the complexion grows sallow and the entire body feels the effects of the poison. Malaria must be removed from the system through the circulation and the only medicine that can accomplish this is S. S. S. It not only cleanses the blood of all unhealthy, morbid matter, but destroys the germs, cures Malaria and restores this vital fluid to a strong, healthy condition. S. S. S. is made of roots, herbs and barks combining purifying and tonic properties which keep the blood free of all poisons and the system in perfect condition. While destroying the germs of Malaria and building up the weak, polluted blood S. S. S. gives tone and vigor to the entire system. Book on the blood and any medical advice without charge.

A levee camp and outfit destroyed with a loss of $25,000.

Railroad conditions today continue about as they were last night with no immediate prospect of a complete resumption of traffic for the next 48 hours. Railroad officials say that the storm is the worst ever experienced in this section of the country. The Louisville and Nashville is handling the Southern railroad passenger business to Chattanooga and the Nashville, Chattanooga and St. Louis business by way of McKenzie and Humboldt.

Water is over the tracks of the Illinois Central at Jackson and trains on the 'Frisco, Iron and Cotton Belt are all behind their schedule time.

Nashville, Tenn., Nov. 21—A Hopkinsville, Ky., dispatch to the Banner says:

Damage at between $50,000 and $100,000 has been done by the unprecedented rainfall. A cloudburst Monday night caused the river to overflow its banks and the entire business section was flooded. Every basement on Main treet was flooded, causing the walls of Pools Racket store and Martin's furniture store, and a furniture store to give way, causing an almost total destruction of the stocks. Other stores suffered severely. The Illinois Central depot was flooded, compelling the night force to vacate. The depot was loosened from its foundations. The large union tabernacle was flooded three feet deep and the damage is great. Hundreds of houses along the river front are flooded and the occupants compelled to move out. No fatalities are reported. Eleven inches of rain have fallen at Hopkinsville since Saturday morning.

Louisville, Ky., Nov. 21.—The persistent rainfall of the last three days culminated early Tuesday in an electrical storm and cloudburst that made the city tremble. Trees were struck by lightning, the telephone systems of the city were much disorganized and telegraph facilities in all directions were impaired.

Streets in many sections of the city resembled lakes and it was impossible for pedestrians to move about without wading knee-deep in water. Basements were flooded and stocks in several retail establishments were damaged to an aggregate of about $50,000.

The rainfall in Louisville since Saturday has been six inches and at Memphis, Tenn., it has been 10¼ inches. Nearly all trains from the south are arriving in Louisville from one to sixteen hours late.

The formation of the present disturbance which has caused such widespread damage from floods over the Ohio valley, in western Tennessee and Arkansas, is such as to present a remarkable contrast of temperatures east and west of the Mississippi river. To the east of the river the temperatures ranged Tuesday morning from 50 to 70 degrees, while west it is mostly freezing or below.

In northern Texas the temperature is 22 and New Orleans reports 80 at 10:30 Tuesday morning. Snow is reported over the Missouri Valley, Kansas and Oklahoma and sleet and rain in Missouri, while there is a continuation of the rain over the Ohio valley, Arkanasas and southward to the gulf.

South Louisville and other southern suburbs of the city bore the brunt of the damage. The streets and sidewalks in the vicinity of Seventh and P streets, resemble a lake. Canoeing was a possibility at daylight on P street between Sixth and Seventh, and several of the residents brought into service improvised rafts and poled their way from their houses to a point where they could land.

As far in the city as Fourth and A and Fourth and Brandeis streets, the flood was heavy, and many persons living in the vicinity of the Triangle and a few squares beyond were forced to abandon the first floors of their dwellings until the water receded.

Waco, Tex., Nov. 21.—A coat of frozen mist covers everything in central Texas Tuesday, with a temperature of 5 degrees below the freezing point.

It is not believed much damage will be done to the crops, although small grain is above ground, it will take a lower temperature to injure it seriously.

Ft. Worth, Tex., Nov. 21—Reports Tuesday tell of further crippling of railroad traffic in west Texas, and in the Panhandle as the result of the sleet storm. Between Childress and Delhart, Tex., three passenger trains are snow-bound, with no means of communication. West of Ft. Worth wire communication can be had only as far as Baird, 200 miles distant. It is known that a severe sleet and snow storm swept the section west of there. Considerable losses of live stock are reported and much damage would be done to a large amount of cotton yet unpicked in West Texas. It is believed on the other hand that the snow in the Panhadle will be of great benefit to the winter wheat and also lessen the danger from prairie fires which have recently been menacing many sections.

Special Labor Agent Touring South.

Atlanta, Nov. 21.—Frederick C. Croxton, special agent of the bureau of labor, of the department of commerce and labor, was a visitor at the capitol Monday. Mr. Croxton is here studying the immigration question and is making a special study of the labor question in the south. Mr. Croxton has been in the northern part of Georgia for some time. Previous to that he traveled in Virginia investigating the conditions there. Mr. Croxton will report to the department his findings before making them public.

No Opposition to John Mitchell.

Indianapolis, Ind., Nov. 21—Nominations have closed for the election of officers by the United Mine Workers of America, John Mitchell, for president; T. L. Lewis, for vice president, and W. B. Wilson, for secretary-treasurer, have no opposition. The annual convention will be held in Indianapolis on Jan. 15.

Carnegie Denies Story.

New York, No. 21.—The report that Andrew Carnegie has promised a million dollars to Congressman Richard Bartholdt, of Missouri, to promote the cause of international arbitration, was denied at the residence of Mr. Carnegie in this city Tuesday. Mr. Carnegie sent word that there was no basis for the story.

WORSE THAN SAVAGE IS VAGABOND NEGRO

Judge Speer Says Savage Is at Our Door.

HE FREQUENTS DISTILLERIES

Fill Up on Mean Liquor and Then Assaults Women—People of the South Facing Worse Savage Than Our Forefathers Did.

Augusta, Ga., Nov. 21.—Judge Emory Speer delivered, in some respects, a sensational charge to the federal grand jury at the opening of the United States court here. Judge Speer discussed the crimes of the negro against white women and declared that lynching is no deterrent. He declared that "our condition is worse than that of our forefathers of the frontier when the Indians were on the warpath. For," declared the judge, "the savage is at our door and is unsuspected."

Judge Speer spoke of the illicit still as a menace to the rural community and as an incentive to criminal assault and to riot.

He said in part:

"It is the illicit distiller or realler in the quiet country neighborhood who often supplies to the worthless tramp, without name or home, a fierce intoxicant which drives the blood through his savage brain and imparts to his cowardly nature a desperation which pr pt him to deeds of horrid and unmentionable atrocity. I think it can be demonstrated that nearly every crime of this character, which has so shocked and infuriated the southern people, is directly traceable to the demon of the still. We have conditions in the southern states which should arouse to the uttermost the attention of the people, which should compel the supremest effort for swift and radical remedies.

"To the very prosperity of the south are these conditions in part ascribable. While there are thousands, no doubt millions, of people of African descent who work regularly, own homes and farms, strive to better the conditions of their families, to educate their children and to protect them from association with the lower classes, there are, unhappily, thousands who are homeless and nameless vagabonds.

"These men, from the scarcity of labor in our numerous industries, can obtain work anywhere. The high rate of wages enables them in one or two days to secure support for a week. Thus secured without the slightest thought of the future, they refuse to work. 'The idle brain is the devil's workshop.' They stroll around the country as irresponsible as the beasts of the field. When such a vile nomad—the descendant perhaps of a Congo cannibal—superadds to his bestial disposition, his hereditary vice, and the basolute incapacity for moral comprehension, the infuriating influence of poisonous and maddening drink—the opportunity offered—a happy family will contemplate the interval of life which remains then through the blood-shot vision of agony and despair. Infuriated by the unspeakable crimes, the mob is formed, the law is treated as if it were the vaporings of insanity. The brand of Cain is on every participant, and demoralization may settle permanently upon a community once as law-abiding as it was peaceful and happy.

"Is it not then obligatory upon every man capable of thought and worthy of the name patriot, to do all in his power to remove the cause of these fearful conditions? Superficial, indeed, in the attention people have given to the prevention of crimes, to the removal of their causes, to the detection and arrest of criminals. While this is true, the savage is at our door. Our condition is indeed worse than that of our forefathers of the frontier when the Indians were on the warpath. Then every Indian was an enemy. Now a great proportion of our colored people are our friends. Then the block house and the rifle could stand off the savage—now, the savage is unsuspected and is often permitted to escape.

"To lynch the offender is in no sense a deterrent of such crimes. The action of the mob—to such brutes, without discourse of reason—as I have attempted to describe, is a lawless manifestation of wrongs and utter loss of self-control on the part of that community which give way to uncontrolled frenzy. The savage, like savages elsewhere, rejoices in the exhibition of fury and frenzy, which demonstrated that he has tortured a people whom he hates. How incalculably more imposing and effective would be the stern and awe-inspiring dignity of conviction and execution by due process of law."

WAS CRAZY WHEN HE SLEW.

Three Alienists United in that Opinion of White's Slayer.

New York, Nov. 21.—That Harry K. Thaw, was insane when he shot and killed Stanford White in Madison Square Roof Garden theater is the expressed opinion of three alienists who examined the prisoner at the instance of his counsel. Their report to this effect was made to Clifford Hartridge, chief counsel for Thaw. The report does not say that Thaw is insane at the present time.

The unanimous opinion of the experts is that Thaw has always been of a neuroti temperament and they report that they have found in the history of his life that he from time to time suffered spells of emotional insanity. The experts who signed the report are Dr. Britton W. Evans, Dr. Charles S. Wagner and Dr. Christopher C. Beling, all of whom stand high in their profession. The report of these experts appears to show that Thaw's defense will be emotional insanity.

Exploit India Rubber Resources.

New York, Nov. 21.—The announcement from Burssels that concessions had been granted companies to exploit India rubber resources, to conduct mining operations and to construct a railroad in the Congo Free State was verified. The concessions it is said, were probably the most valuable ever granted in the world. The rubber business is to be handled by the American Congo company, which was incorporated at Albany about a week ago.

High Price for Turkeys.

New York, Nov. 21.—Turkeys for Thanksgiving dinners may reach 35 or 40 cents per pound this year. Dealers agree that the toothsome bird will be more expensive than in previous years as they can place no reliance in the supply. The wholesale price reached 21 cents Monday, and the retail price is much higher. A plague known as blackhold is sweeping the east, killing thousands of turkeys and dealers say this will diminish the supply.

10 Per Cent Wage Increase.

New Bedford, Mass., Nov. 21.—President Otis N. Pierce, of the New Bedford Cotton Manufacturers' association, has received a communication from the textile council requesting that an advance in wages of ten per cent be granted. It is thought that an advance equal to that offered by the Fall River mill owners to their operatives will be given. The local mills employ about 17,000 hands.

Black Hand Chief Arrested.

New York, Nov. 21—Frank Como, who, the police say, is chief of the black hands in this vicinity, was arrested in Brooklyn for alleged connection with the murder of Antonio Costa, a grocer, who laughed at the threats of the black hand society when he refused their demands for $5,000. A week later, Costa was found shot to death in his shop.

Threats Made to Kill Pius X.

Rome, Nov. 21.—The pope has received personal letters containing threats that he will be assassinated in the apostolic palace, as a protest against the present organization of society. The anarchists, it is added, are ready to employ every means to destroy all institutions supported by religious or by military forces.

Convene at New Orleans.

New Orleans, Nov. 21.—The convention of the association of transportation and car accounting officers began here Tuesday. Members of this association represent railroads owning about 1,000,000 cars. The sessions of the convention are executive.

TROOPS REPRIEVED FROM DISGRACE

Taft Orders That Further Discharges be Suspended.

ADVICES WAITED FROM TEDDY

War Department Has Been Deluged With Protests Against the Order Directing the Discharge of the Negro Soldiers.

Washington, Nov. 21.—Acting under orders of Secretary Taft, Major General Ainsworth, military secretary has directed that further discharges of the men of the three negro companies of the Twenty-fifth infantry, on account of of the shooting at Brownsville, Tex., be suspended pending further orders.

The action, it is stated, is in order to await the return of Secretary Taft to Washigtion and is pending further advices from President Roosevelt, who has been communicated with on the subject.

The war department has been deluged with protests against the order directing the discharge of the three companies. It is reported that a further investigation will be made, and that certain officers may be called on for an explanation of the movement of these men at the time the Brownsville incident occurred.

"The three companies of the Twenty-fifth infantry were ordered discharged because it is not safe to have them in the army. They cannot be trusted, and for the protection of the public and the preservation of the discipline of the army their discharge is necessary," acting Secretary Oliver of the war department said Monday.

"The idea sems to prevail that the men were ordered discharged because they refused to tell on their companions and because they are black. Nothing could be further from the truth. These soldiers shot up a town. All of them refuse to tell anything about the disgraceful affair at Brownsville, which resulted in murder. The companies are shielding murderers who are criminals of the worst sort. Every effort possible has been made by the war department to find the guilty men, but without avail. If these companies were permitted to remain in the service and were to shoot upon another town and again endanger the lives of citizens, the war department would be in an indefensible position. It is impossible to courtmartial each of the men in these companies, for a charge cannot be preferred against every one of the members of the companies. The government has no means of punishing the crime except by discharging all the men."

New York, Nov. 21.—Secretary Taft arrived here from New Haven Monday night and went to the home of his brother, Henry W. Taft. He declined to talk about the delay in carrying out the order for the dishonorable discharge of the negro soldiers.

Collier's Weekly has received a dispatch from its correspondent who is traveling with the president to one making if Mr. Roosevelt not suspend action in regard to the negro soldiers until he got home. The reply says that the president's views are "clear and unchanged," that the disbandment is due to him and that the president's view is that the negro soldiers, in refusing information necessary to the apprehension of the men who committed criminal acts at the town of Brownsville, Tex., struck at the very heart of military justice and discipline. Had the white troops done this same thing, the reply says, they would have suffered the same penalty. In conclusion, the reply says:

"Be the offenders white or black, the president proposes to combat race antagonism. His action in the Brownsville matter was taken in the face of much adverse influence and advice before he left. There can be no amelioration of the penalty unless the men concerned show their sense of duty as citizens and soldiers by giving up the offenders to justice."

Dyspepsia of Women

Caused by Female Disorders and Cured by Lydia E. Pinkham's Vegetable Compound

A great many women suffer with a form of indigestion or dyspepsia which does not seem to yield to ordinary treatment. While the symptoms seem to be similar to those of ordinary indigestion, yet the medicines universally prescribed do not seem to restore the patient's normal condition.

Mrs. M. Wright

Mrs. Pinkham claims that there is a kind of dyspepsia that is caused by a derangement of the female organism, and which, while it causes a disturbance similar to ordinary indigestion, cannot be relieved without a medicine which not only acts as a stomach tonic, but has a peculiar tonic effect on the female organism.

As proof of this theory we call attention to the case of Mrs. Maggie Wright, Brooklyn, N. Y., who was completely cured by Lydia E. Pinkham's Vegetable Compound after everything else had failed. She writes:

"For two years I suffered with dyspepsia which so degenerated the entire system that I was unable to attend to my daily duties. I felt weak and nervous, and nothing that I ate tasted good and it caused a disturbance in my stomach. I tried different dyspepsia cures, but nothing seemed to help me. I was advised to give Lydia E. Pinkham's Vegetable Compound a trial, and was happily surprised to find that it acted like a fine tonic, and in a few days I began to enjoy and properly digest my food. My recovery was rapid, and in five weeks I was a well woman. I have recommended it to many suffering women."

No other medicine in the world has received such widespread and unqualified endorsement or has such a record of cures of female troubles, as has Lydia E. Pinkham's Vegetable Compound.

WOODMEN TO TAMPA.

Quite a Delegation of Gainesville Boys Off for Woodmen's Day.

Quite a delegation of members of Alachua Camp No 5, Woodmen of the World, left Tuesday for Tampa, where the State Fair has kindly consented to set aside Wednesday for Woodmen's Day.

The Woodmen from all over Florida will be present, and big preparations are being made by the Tampa lodge to entertain them. There will be a big parade, followed by an impressive program of literary exercises and speeches, which is bound to interest every Woodman who attends.

Among the delegation who left here were Joseph Brooks, counsel commander; Pat Y. Smith, Engineer Atwell, W. D. Fagan, Edward Fagan and C. E. Hayes, all enthusiastic members of the local lodge.

The Tampa brothers have a State reputation for hospitality, and it goes without saying that they will make Woodmen's Day one of the features of the great show.

HYOMEI CURES CATARRH.

Costs Nothing Unless It Gives Relief. Sold Under Guarantee.

No matter how severe or chronic a case of catarrh you may have, consult J. W. McCollum & Co. about the use of Hyomei. They have so much faith in the efficacy of this treatment that they give their personal guarantee with every outfit they sell that it will effect a cure, or the money will be refunded.

In many instances Hyomei has cured catarrh when the patient has suffered from childhood. Quite a few people in Gainesville who have been unable for years to get a good night's sleep on account of the disagreeable tickling and dropping at the back of the throat, have obtained quick relief from a few treatments with Hyomei, and the continued use has made a complete and lasting cure.

There is no stomach dosing when one uses Hyomei. Simply breathe its medicated healing through the pocket inhaler that comes with every outfit, and all catarrhal germs will be killed and the mucous membrane will be healed.

A complete Hyomei outfit costs but $1, sufficient for at least two-weeks' treatment, making it one of the most economical methods of curing catarrh. If the outfit does not complete a cure, extra bottles of Hyomei, if needed, can be bought for 50 cents. Remember that there is no risk in buying Hyomei. It costs nothing unless it cures.

LETTER FROM MR. HOLLEY.

He Writes Interestingly of Augusta, Its Surroundings and Churches.

Augusta, Ga., Nov. 17.—The Augustans have recently pulled off the Georgia-Carolina Fair, which was declared by all its patrons to be a great success. For six days the people of the city and the adjoining country thronged the grounds. Several days more than fifteen thousand persons passed through the gates. All the exhibits were fine. Many farmers took as high as two hundred dollars' worth of premiums.

The farming interest around Augusta this year has not proved so great a success as during the past two years. For five months we had rain almost every day, thereby preventing the farmers from cultivating their crops. Notwithstanding poor crops and low prices for cotton, farm lands are high and very few well improved farms are offered for sale.

The religious interests of the city seems to be on the up-grade. All the churches are supplied with efficient pastors and are making constant headway. Now that the North Georgia Conference convenes next week several changes in the Methodist churches are anticipated. One of the leading pastors of the Methodist Church has been transferred on account of the time limit with the M. E. Conference.

The Green St. Presbyterian Church has built an eighteen-thousand-dollar house of worship during the year, and now the membership is fearful that they will lose their pastor, Rev. George Guille. The pastor has been called to the Westminster Church in Atlanta, and it is feared by his people that he will accept.

The work of the Second Church, of which the writer is pastor, has made constant progress during the past year. We have now about 525 members and receive others at almost every service. During the year the church has raised for expenses and benevolence and buildings about $3,000. We now have our lots and in sight about $6,000 with which to begin our new edifice. We propose to begin work on the building about January 1st, 1907.

In appreciation of the services of the pastor, his salary has been increased twenty per cent. It is a pleasure to work with a people who thus show their appreciation of a man's services.

The Gainesville Baptist Church has always been ready to respond in appreciation of their pastor's services. No more faithful body of Christians can be found than in that goodly city.

We have read with interest the development of Gainesville. It is a source of pleasure to every former Gainesvillian to read of the progress made and the success of the citizens in landing the University. I feel confident that Gainesville will always prove herself worthy of the University and give its hearty support to those who are at its head. May Gainesville's prosperity ever be constant.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tacket's lungs that death seemed very near. SECOND WEEK OF CIRCUIT COURT

Criminal Docket Reached Monday. Four Cases Disposed of.

MANY PEOPLE IN THE CITY

They Were Attracted Here by the Session of the Court, and City Will Be Lively Until Saturday Night—Many Cases to Be Taken Up.

The second week of the fall term of the circuit court in and for Alachua county convened at 10 o'clock Monday morning, His Honor Judge Bascom H. Palmer of Lake City presiding.

The morning was spent in empaneling a jury for the week, which was as follows:

J. L. Townsend, E. K. Roberts, Hague Strickland, G. R. Ellis, J. A. Cox, J. M. Turner, D. E. McDonald, W. B. Adkins, L. T. Roux, B. F. Dawkins, C. A. W. Thomas and R. E. Hill.

At noon the court adjourned until 1:30 p. m., when the following cases were disposed of:

State vs. Forest Robinson, placing explosives under house and discharging same. Defendant arraigned and pleaded not guilty. Jury called and sworn, case submitted, and verdict returned of guilty. This case was one in which the defendant was accused of blowing up a house with dynamite at Newberry a few months ago.

State vs. Howard Price, assault with intent to murder. Defendant arraigned and pleaded not guilty. Trial by jury, with verdict of aggravated assault.

Walter Levy, arraigned upon two charges of breaking and entering with intent to commit a misdemeanor, plead guilty in both charges.

State vs. Isham Sterling, assault with intent to murder. Prisoner arraigned and pleaded not guilty. Jury called and sworn, and evidence and argument submitted, with a verdict of not guilty.

Thereupon court adjourned until 8:30 o'clock Tuesday morning.

THE CIRCUIT COURT.

Judge Palmer Making Good Progress. Several Cases Disposed Of.

The circuit court convened at 8:30 o'clock Tuesday morning and proceeded immediately to get down to business.

The following cases were disposed of:

State vs. Chas. Williams, assault with intent to murder. Defendant was arraigned and pleaded not guilty. Jury called and sworn, evidence submitted, case argued, and jury returned a verdict of not guilty.

State vs. Jim Williams, breaking and entering, verdict of guilty.

State vs. Taylor Morgan. Defendant arraigned and pleaded guilty of forgery in two charges.

State vs. F. C. Reinhardt, selling liquor in county voting against sale of same. Defendant arraigned and pleaded not guilty.

State vs. Ben Brown, a blind negro, selling liquor in a county voting against the sale of same. Defendant arraigned and pleaded not guilty.

The last case of the day was that of the State vs. Jack Barnes, murder in the first degree. The defendant was arraigned and pleadod not guilty, whereupon a jury was sworn and the case was submitted to the court. The court adjourned at 5 o'clock for an evening session. At seven o'clock the court convened and proceeded with the case, which was delivered to the jury a little after 9 o'clock. The verdict was murder in the second degree.

MERCHANT-BURKE.

Interesting Account of Wedding by Times-Union's Society Editor.

The following interesting account of the Merchant-Burke nuptials in Jacksonville Wednesday afternoon appeared in the society column of the Sunday Times-Union:

"Wednesday afternoon, at the residence of the bride's parents, Mr. and Mrs. J. V. Burke, their daughter, Miss Lillian Burke, was united in marriage to Mr. James Richardson Merchant of Gainesville.

"The pretty home was simply but tastefully decorated with palms, ferns and white chrysanthemums in the parlor, and with pink and white chrysanthemums in the dining-room.

"The ceremony was performed by Rev. Dr. Hay, pastor of the First Presbyterian Church of Gainesville. There were no attendants, but the wedding march was played by Miss Irene McCreary, the groom's cousin from Gainesville.

"The youthful bride wore a very becoming wedding gown of white silk net and lace over chiffon and taffeta, and carried a shower boquet of white chrysanthemums. Always a pretty young woman, she looked unusually attractive on this important occasion.

"After the ceremony, an informal reception was held, and a wedding supper served.

"Then the young couple left on the night train for Atlanta. They expect to be at home to their friends at Gainesville by Thanksgiving day.

"Mrs. Merchant's going-away gown was a beautiful creation in gray broadcloth with hat and gloves to match.

"A large number of presents were received by the popular young people, and their new home will be filled with the valuable remembrances of their friends.

"Mr. Merchant is business manager of The Gainesville Sun, and is very much liked in Gainesville, where social life is especially enjoyable.

"A number of out-of-town guests were here for the wedding, among them Mrs. G. S. Merchant and Master Harry Merchant, mother and brother of the groom; Mrs. H. H. McCreary and Miss Irene McCreary of Gainesville, Miss Margaret Jackson of Arkansas, Mrs. J. H. Burke, Mrs. Elleene Alexander and Mrs. J. L. Peacock of Williston, and Miss Jennie Moore of Apalachicola."

ROBBERY AT WINDSOR.

Parties Entered Home of J. W. Brown and Carried Away Good Values.

Information reached this city Monday to the effect that some parties had entered the home of J. W. Brown, Windsor, and taken away several pieces of furniture and other articles of value, which will probably aggregate $75.

Mr. Brown, who is a plumber now engaged in this city, was notified of the theft by Deputy Sheriff L. E. Story. Mr. Brown has been residing in Alachua county for several years, off and on. He is a plumber and steam-fitter by trade, and when he ascertained that the time was ripe for an opening in this direction here, located in Gainesville.

While there has been no definite clue, the officers are at work, and hope to apprehend the guilty parties in a few days.

Some Fine Pointer Pups.

Captain W. G. Shehee of High Springs, one of the most widely known citizens of that section, was in the city Monday.

Captain Shehee is quite a sportsman, and naturally a great fancier of dogs. He has just been presented by his fine pointer gyp with a litter of beautiful pups, one of which he brought to Dr. Alderman of this city. This litter is of the finest registered stock, and inasmuch as the genial Captain, by reason of the fact that he has been suffering for some time with rheumatism which incapactiates him from hunting or training, he has decided to sell the pups. "These pups are of such fine blood that I do not like to see them lay around and do nothing, when I know their inspirations tell them they ought to be in the field," he declared.

Anyone wanting a good, reliable, thoroughbred pointer will find themselves in big luck if they will address Captain W. G. Shehee, High Springs.

G.B.Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Killed in Auto Accident.

New York, Nov. 21.—Daniel Barkalow, a Paterson, N. J., cotton broker, who was one of the party found in the automobile in which Tom Cooper, the bicyclist, and automobile driver, was killed in Central park, Monday night, died Tuesday. Miss Ellen Lambert, another member of the party, who also was seriously injured, is not expected to live through the day. The fourth member of the party, a young woman who gave her name as Virginia Vernon, and said her home is in Jersey City, has a broken leg and is suffering from the shock. It is believed she will recover. Miss Lambert said that the accident was due to Cooper suddenly turning out to avoid a collision with a cab and then colliding with a stalled automobile.

Blaze in Mid-Ocean.

New York, Nov. 21.—A slight blaze in one of the steerage compartments of the Princess Irene, caused by a defective electric wire, caused a brief panic while the steamer was in midocean. It was learned on the steamer's arrival here today that no one was hurt, that the sparks were quickly extinguished by Fourth Officer Rosenow, and that news of the fire did not reach the cabin passengers.

A Poor Organ.

Dam(s) the bile. That's what your liver does if it's torpid. Then the bile overflows into the blood—poisons your system, causing sick headache, biliousness, sallow skin, coated tongue, sick stomach, dizziness, fainting spells, etc. Ramon's treatment of Liver Pills and Tonic Pellets strengthens the liver and makes it do its own work. Prevents and cures these troubles. It aids—doesn't force. Entire treatment 25c. Cloud & Fagan.

EX-GOV. OF OREGON USES PE-RU-NA IN HIS FAMILY

For Colds and Finds It An Excellent Remedy.

Capitol Building, Salem, Ore.

A Letter From the Ex-Governor of Oregon.

The Ex-Governor of Oregon is an ardent admirer of Peruna. He keeps it continually in the house.

A letter received from him reads, as follows:

STATE OF OREGON,
EXECUTIVE DEPARTMENT.

The Peruna Medicine Co.,
Columbus, Ohio.

Dear Sirs—I have had occasion to use your Peruna medicine in my family for colds, and it proved to be an excellent remedy. I have not had occasion to use it for other ailments.

Yours very truly, W. M. Lord.

It will be noticed that the Governor says he has not had occasion to use Peruna for other ailments.

The reason for this is that most other ailments begin with a cold.

Using Peruna promptly to relieve colds, he protects his family against other ailments.

This is what every other family in the United States should do. Keep Peruna in the house.

Used Pe-ru-na in the Family Eight Years.

Mrs. Josephine Gillen, 345 Morris St., Portland, Ore., member Patrons of Husbandry, writes:

"Peruna has proven itself of such untold value to us that we are glad to give it due praise. We have had it in the home for more than eight years.

"It restores health in a few short weeks, takes away headaches and backaches, increases the appetite and restores lost nerve force. It is a specific for colds and catarrh."

Every family should be provided with a copy of Dr. Hartman's free book on "Chronic Catarrh." Address Dr. S. B. Hartman, Columbus, Ohio.

GREAT MEGER OF RAILWAYS.

Northern Pacific, Great Northern and Burlington To Become One.

Omaha, Neb., Nov. 21.—Within one week the equity which the Northern Pacific now holds in the Burlington will pass into the hands of the Great Northern and within fifteen days the Burlington and Great Northern will be merged into one vast system with James J. Hill in control.

This statement was made by a man close to the official family of the Hill roads who has just returned from Chicago, where the intricate operation of this gigantic transaction is now being perfected. He makes the statement without reserve.

So far as the line of track of the Great Northern, Northern Pacific and Burlington are concerned, these three roads lack but one little link now of being, in fact, one great system. When the short cut from Billings to Great Falls, Mont., is completed, the unification will be consumated. The western terminus of the Burlington is Billings, where it meets the Northern Pacific. A line has been in progress of construction for some time from Billings to Great Falls, where the Great Northern runs on its way to the coast.

This line will be soon finished, and when it is, the three great railroads will be joined and merged physically into one vast system.

Broker Shot by Woman.

New York, Nov. 21.—Gustav Simmons, senior partner of the Queen Water company, was shot and probably mortally wounded in the offices of the company, at 604 Broadway by Louise de Massy, an employe of the company. Miss de Massy went to the office to get her salary and was told to return at 5:30, the usual hour for paying wages. According to the police, she drew a revolver and shot Simmons three times. He was removed to a hospital and the woman was arrested.

Oil Magnate Pleads Guilty.

Findlay, O., Nov. 21.—H. P. McIntosh, of Cleveland, a director of the Standard Oil company, of Ohio, one of the men indicted by the grand jury last week, pleaded not guilty to the charge of violating the Valentine anti-trust law and was released on bail of $1,000.

Met His Son's Fate.

Bedford, Ind., Nov. 21.—David Alvis, aged 70, was killed by a Monon freight train at Mitchell. A son was killed at Orleans a year ago by a Monon train. Another son, Noah Alvis, is a well known engineer.

Dr. Pierce's Favorite Prescription

Is a powerful, invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. The local, womanly health is so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription has proven a priceless benefit because of its health-restoring and strength-giving powers.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Cures obstinate cases. "Favorite Prescription" is a positive cure for the most complicated and obstinate cases of "female weakness," painful periods, irregularities, prolapsus or falling of the pelvic organs, weak back, bearing-down sensations, chronic congestion, inflammation and ulceration.

Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.

Your druggists sell the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which he is chief consulting physician.

LEFT ALL TO DAUGHTER.

With the Exception of $10,000 of Life Insurance.

Vicksburg, Miss., Nov. 21.—The will of Mrs. Varina Jefferson Davis, wife of the president of the confederate states, was filed in this city at the office of the chancery clerk of Warren county, in solemn form for probate. The will leaves to Mrs. Davis's daughter, Mrs. Margaret Howell Davis Hayes, of Colorado Springs, Colo., all of the estate with the exception of $10,000 life insurance

"Of this sum," says the testatrix, "I leave Miss Anna Davis Smith the sum of $1,000; Miss Margaret Green Davis, $1,000; my nieces Varina Davis and Mary Peacock Howell, the orphan children of my brother, $1,000; to my faithful old nurse, Mary Ahern, $1,000; to my sister, Mrs. Margaret Stoess, $2,000, to Dr. James Shorter, of Macon, Ga., in memory of his professional services, $500; to my faithful maid, Margaret Josephine Connelly, $1,000; to Mrs. Elizabeth Hooks, of Lees Station, La., $50."

In her will Mrs. Davis refers to her residence away from the south, saying she considered the south her home.

Threatens Serious Trouble.

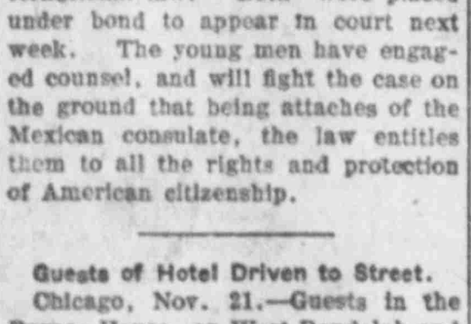
New Orleans, Nov. 21.—The arrest Sunday evening of the Mexican vice consul, Anselmo de la Porta, Jr., and Emilio Aleman, Jr., who is private secretary to his father, Consul Aleman, for alleged violation of the Louisiana state game laws, which provide that no foreigner or non-resident can hunt without a license, threatens to involve questions of international law. Both were placed under bond to appear in court next week. The young men have engaged counsel, and will fight the case on the ground that being attaches of the Mexican consulate, the law entitles them to all the rights and protection of American citizenship.

Guests of Hotel Driven to Street.

Chicago, Nov. 21.—Guests in the Barnes House, on West Randolph and Canal streets, were driven into the street Tuesda by a fire which destroyed a neighboring six-story building occupied by manufacturing firms. Loss is estimated at $100,000.

A Fatal Smash-Up.

Scranton, Pa., Nov. 21.—One man was killed, four others injured and three locomotives and two milk cars destroyed in a head-on collision on the Delaware, Lackawanna and Western at Lehigh, near here. All the injured were brought to this city. William Merritt, a fireman, aged 31, was killed.



J. W. McCollum, J. R. Pickett & Son, Suwannee Drug Co., J. D. Guthrie, and Cloud & Fagan.

STRIKE BREAKERS ARRIVE.

To Take Places of Men at Waycross Who Left Work.

Waycross, Ga., Nov. 21.—Several men arrived here Monday night to take the places of the striking switchmen and switch foreman and it looks as if the railroad yard trouble here will be straightened out within a day or two.

The condition of the yard Monday night was really better than it has been for some time, which is accounted for by the fact that the company has sidetracked most of the freights routed for Waycrosss, or forwarded them to the destination by some other road. The yard force Monday was composed of three new men from the City of Charleston, several conductors, the general yardmaster and the trainmen, but with this small force the yard has been cleared of perishable freight and a number of trains were sent out.

The negro switchmen, who went out with their foreman, returned to work Monday night, and with the new men who arrived on the afternoon trains and those expected Tuesday, it is expected that the yard will be working under its normal force within a short time. It was stated Monday night that the railroad company has declined to reinstate any of the striking foremen.

Third Iowa Monument.

Chattanooga, Nov. 21.—A third monument to Iowa troops was dedicated Tuesday afternoon, the occasion being marked by the presence of confederate veterans and G. A. R. comrades fraternizing and assisting. The shaft stands in Rosville Gap, near the Georgia line and is a very elaborate one. It has been twice broken while being placed in position, delaying the work for months. The ceremony was more elaborate than the two held Monday in that it embraced the acceptance of the monument by Governor Cummins, of Iowa, and the United States general, E. A. Cowan, chairman of the National Park Military commission, represented the secretary of war. The presentation to the government was made by Captain G. A. Young, General Granville M. Dodge, and Captain R. D. Creamer, also made formal addresses.

"Green Goods" Man Arrested.

New York, Nov. 21.—A phase of the "green goods" game was brought to light in the arrest Monday of Samuel Krakowk, charged with having in his possession paper in imitation of that used in the manufacture of bank notes. According to Chief Flynn of the secret service, the scheme is to sell the victim a machine with which to manufacture United States treasury notes. The claim is made that the machine is one which has really been used in the making of money which have been replaced by new machines, or that it was stolen from the treasury department. Good bank bills, dampened and touched up to appear fresh are shown as the product of the machine. The bogus machines have been sold, it is said, to victims for sums ranging from $1,000 to $5,000.

A minister in Chicago says that there are very few parents who are qualified for parenthood. There has been no end of talk as to what the child owes the parent but he says the greatest duty is that of the parent to the child.

The New Jersey Legislature has only three Republican majority and the three are Republican reformers, who may join with the Democrats. The corporations and trusts who shelter in Jersey had better prepare for trouble this winter.

Commissioner of Immigration Sargeant thinks that all Chinese arriving in the United States with a view of remaining here should be taxed $1,000 a head. He believes that the time has come when all the Chinese in the United States should be registered.

When a glass bottle becomes so discolored inside that shot or fine coal will not cleanse it, fill the bottle with finely chopped potato peelings, cork tightly and let them remain for three days, then the peelings will ferment. At the end of that time rinse the glass bottle out with warm water and the stains will be found to have disappeared.

No young woman looks so well as when dressed neatly and plainly, without any ruffles or ornaments. She then appears as if she is really worth something, and needs no superfluities to enhance her looks. If all young women would put in as much time training their mind and learning the wonderful lessons of amiability as some do in adjusting the paint on their faces, the world would wag along better.

Bertha Krupp, who with her millions might have married a duke, chose for her heart's desire a plain, quiet and unassuming man. The young bride controls the great Krupp gun-making industry at Essen, Germany, whose subjects to the number of 63,000 render her a fealty that is something more than a name, and her revenues are several times greater than many royalties, and the product of her factories make her a vast power in times of war.

Work is a moral and physical uplifter; it is a panacea for sorrow; idleness brings moral decay and furnishes an incentive to crime. The avalanche of crime that is sweeping over our beautiful land is largely due to the fact that too many would rather steal than work. The life of duty, not the life of mere ease or mere pleasure, is the kind of life which makes the great men and women. The first prize that life offers is the chance to work at work worth doing.

The Mexican government fights trusts in a practical and direct sort of way. When the meat trust advanced the price of meat to a practical prohibitive figure, so far as the poor were concerned, the government went into the business and undersold the trust, at the same time giving better meats. The competition had its effect and the trust quickly reduced prices. The government has made arrangements whereby it can go into the meat business on a very large scale at any time the trust becomes too greedy.

NEW GENERAL STATUTES.

The Sun has been furnished with the following information regarding the new General Statutes, for which we are indebted to Hon. J. C. B. Koonce of Sumterville, member of the Revision Committee. Mr. Koonce says:

"My attention has been called to the fact that the Governor's proclamation on the General Statutes of Florida bears date of Nov. 1st, which will make the new book effectual December 1st. In view of the fact that the book has not yet been thoroughly distributed over the State, I think it might be of interest to the profession and those who may have occasion to use the book to give some information which will enable them to more readily familiarize themselves with the work.

"In the first place, the general plan of the book is the same as that of the Revised Statutes of '92, which it supersedes. For the convenience of the bar of the State in comparing the work and making reference, the Revision Commissioners adopted the plan of following each section of the new book with the section number of the same matter in the Revised Statutes. For example, following the figures 2250, which indicates that section of the General Statutes, appear in parentheses the figures (1773). This indicates that Section 1773 of the Revised Statutes of 1892 is brought forward in the General Statutes as Section 2250. The words and figures on the margin of the page opposite this section give the original act from which the section was compiled in the Revised Statutes of '92, towit, Sec. 2, of Ch. 3129, Acts of 1879. Every section which is taken from any act subsequent to the Revised Statutes of 1892 is so noted on the margin opposite the section; for example, Section 1742 was taken from Section 1 of Chapter 5124, acts of 1903. Where no reference is given on margin of page or by figures in parentheses it indicates that it is a section added by the Revisors (adopted, of course, by the Legislature of 1905). For instance, Section 1421 is a section added in this way, and this section should be noted by the bar of the State, as it is one requiring duplicate pleadings.

"Sometimes we changed the wording of a section, and in such cases the attention of the reader is called by the word 'Revised' in the margin. An example of this is Section 3633. Sometimes two or more acts are consolidated, and this is also noted in the margin, as, for example, Section 3387, being Section 2 of Chapter 4349, Acts of 1895, and Sec. 2 of Chapter 4190, Acts of 1893.

"Wherever a section of the Revised Statutes of '92 has been amended by a subsequent act of the Legislature it is so noted in margin; for example, Section 3410, this law was Section 2517 of Revised Statutes and it was amended by Sec. 1 of Chapter 4531, Acts 1897. Of course the same plan was followed where an act of the Legislature subsequent to the Revised Statutes was amended at a still later session of the Legislature, as, for example, Section 3752 is Section 5 of Chapter 5251, Acts of 1903, as amended by Chapter 5427, Acts of 1905.

"By keeping these things in mind it will be easy for anyone to note changes made in the laws and soon become as familiar with the General Statutes as with the old Statutes. The name General Statutes was adopted by the Legislature in order that the book might be easily distinguished from the Revision of '92. This book is necessarily a large one, containing 4,175 sections, besides the Constitution of the State and the United States, an appendix of the Acts of 1905 of a general and permanent nature not contained in the body of the work, with the index to same, and the General Index of nearly 300 pages.

"Those who wish the work in two volumes can purchase of the Secretary of the State the unbound volumes for $3.50. These they will find in two parts, the Constitution, and first, second and third divisions being in first part, and fourth and fifth divisions, the appendix and index in the second part. These can be bound separately, making the cost of the book only about one dollar more than the price the State will get for the bound volume ($5.00).

"As this book contains all the laws of Florida down to date, with copious annotations of the supreme court's construction of the same, it ought to be in the hands of every man in the State, that he might become acquainted with the Statute law of his State. The books can be had of Hon. H. Clay Crawford, Secretary of the State, Tallahassee, at $3.50 for the unbound and $5.00 for the bound volumes."

DEMOCRATIC GAINS.

The election news, since the full returns have been reported, shows great Democratic gains. The election of all the State officers in New York, other than Governor, by small Democratic majorities in spite of all the weight and influence of the Administration, indicates that the great heart of the Empire State still beats in unison with Democracy and with popular candidates in 1908 the electoral vote of the State is likely to be in the Democratic column.

But the most wonderful change from abject surrender to the trust and corporation to the reviving influences of good government is in New Jersey. A tabulation of the votes by counties shows a Democratic majority of 11,280 in the State. The Republican plurality for the Assembly tickets last year was 57,978 and Roosevelt was elected by 80,000, and there was 51,000 majority for the Republican Governor. This is the first Democratic majority in the State since 1893 and indicates that "Jersey justice" will cleanse the State of the ring of corruptionists and grafters that have infested her and, like New York, will be again a doubtful State with the chances favoring the Democracy.

The other Democratic gains are in Rhode Island, Minnesota, North Dakota, Missouri and Oklahoma, which States all gave large Democratic majorities. The Democratic candidate for Governor of Kansas was only defeated by 2,000 votes, a gain of 65,000 over the vote of 1904. The Democratic gain of over fifty members of Congress shows the general trend of the country to swing towards Democratic policies and when the standpat doctrine of the Republican Congress further indicates that real tariff reform is impossible as long as that party controls the legislative branch of the government, there will be a still greater revolt against high trust prices, which those corporations are protected by the tariff in extorting.

All that Democrats have to do to ensure success is to get together on essential policies and leave any differences on minor matters to be settled by Congress and Legislatures as they arise and perfect their organization in the several States that will see that Democratic voters go to the polls and their votes are honestly counted.

A REPUBLICAN DILEMMA.

The Republicans nominated a negro judge in Chicago, and although many of the voters of that party cut him at the polls, he was elected. They now find he is an ebony elephant on their hands and are trying to get him to resign. It would seem that the Republicans should stand by their party choice now he is elected, for although the negro they nominated for judge was merely intended as a steel pigeon, to draw and catch the other negroes in the Republican net, they should certainly abide by the result. As far as the Democrats are concerned they are rather pleased at their opponents' show of lack of consistency, but will not join in any effort to upset the votes of the majority of the people.

It is not unlikely that at least one of those newspaper men who criticised Judge Syd L. Carter's advocacy of the drainage amendment will regret it before the next Legislature adjourns. The Judge is a hard fighter and has never been known to turn the other cheek. He is true as steel to his friends, and simply because he advocated Governor Broward's pet scheme is no evidence that he believes the Governor is right in some other matters. He has no string tied to him, and will advocate what he believes for the best interests of the people.

According to Miss Julia Richmond, district superintendent of the schools in New York City, God created mothers, and when he saw what a sorry job he made of it, he created teachers. And yet, if it wasn't for the mothers, the teachers wouldn't have much to do.

THE LEGAL BOSS.

The Republican party, through Secretary Bonaparte, has at last invented a reform that no other party has prior claim to and that no other party will probably care to claim. This Bonaparte invention may be styled "the legal boss," for the fantastic idea is "that the people should have legally constituted bosses to make all the nominations for public offices and thus do away entirely with nominating conventions." No one but a Republican boss, or would-be boss, could invent such a scheme of licensing the boss system. Democrats are intent on self-government and are determined that the people must govern the bosses and not the bosses the people. But in the Republican breast there ever seems to dwell the lingering hereditary hope, descended from Hamilton, that the few, or for that matter the one, shall rule and dictate to the many. If the voters are capable of electing a boss they are certainly capable of nominating and electing their public officials, otherwise universal suffrage is a failure and, like the Hebrews of old, a King is the only natural boss that the people would elect.

The fact is the Republican leaders see trouble brewing for them in the near future, for the people are awakening to the fact that their only salvation is to abolish bosses, with the certain corruption and grafting that stalk in their train, and as Republicanism means the rule of bosses, as Democracy means the rule of the people, the Republican leaders would legalize the political machine they have set up, in hopes of preventing the breakdown they see is approaching.

The determination of Mrs. Russell Sage to reserve only a comfortable living for herself out of the $80,000,000 left her by her husband, and give the rest to the deserving poor—not to the already richly-endowed churches and schools—not only shows her to be a very noble woman, but is especially noteworthy for its new and sensible departure from the usual way of millionaires in giving on a large scale. Mrs. Sage proposes to do good to the needy individual direct with her money, and not give it to institutions already gorged with enormous wealth and where, if it does anything at all for the betterment of mankind, it is not visible to the naked eye and the suffering poor of the country never discover it.—Live Oak Democrat.

On his recently completed tour around the world Mr. Bryan was accompanied by his wife, who put in typewriting all the newspaper articles he prepared. Mrs. Bryan not only studied law and was admitted to the bar soon after she married her then undistinguished husband, but she also learned to manipulate the typewriter as a further means of being of practical help to him in his work.

It seems utterly impossible for the Republican party to divest itself of trust magnates and corruptionists. If by the aid of the Democrats it is enabled to throw off a Dryden in New Jersey and a Wetmore in Rhode Island, in Colorado it accepts the money of the Smelter Trust and is compelled to take Guggenheimer and endorses Penrose in Pennsylvania.

Oklahoma and Indian Territory entirely repudiated the Federal officials that have cursed them, by electing nearly every Democratic candidate to the constitutional convention. This almost assures a solid Democratic delegation to the next Congress of two United States Senators and five Representatives.

And now it is intimated that ex-Governor Bloxham may be a candidate for Governor in 1908. He has never been defeated for a nomination to which he aspired and should he be a candidate he would be a hard man to defeat. The people of Florida love W. D. Bloxham and would delight to honor him again.

POSTMASTER PROGRESSIVE.

Is Making Extensive Improvements, Which Are Duly Appreciated.

Postmaster Louis C. Lynch, recently appointed, is an ambitious official, and the patrons of the postoffice here appreciate very much his desire and effort to be up to date.

Above all things, Postmaster Lynch has been taught to believe that cleanliness is next to Godliness. He learned that from a small boy, and has ever clung to the adage. As a result, he has made a general change in the front, or public part, of the postoffice.

He has equipped the desks with neat bulletin boards, in order to prevent the sticking of advertising matter and notices on the walls. He has also supplied the postoffice, interior and exterior, with neat trash barrels which are inviting to those who receive objectionable mail and desire it to go the route of all papers of this kind. Heretofore it has been a question of throwing them on the floor and littering the place, but there will be no excuse for this in future.

Postmaster Lynch has had all trash barrels neatly painted. It is quite a suggestion for merchants and others around the square and on our business thoroughfares to provide for the reception of trash the same system, as it would save a great deal of filth and trash about the city.

AN INFORMAL DANCE.

Misses McCreary, Redding and Others Pay Compliment to Miss Jackson.

Misses Irene McCreary, Ida Redding and other young ladies of the city, in compliment to Miss Margaret Jackson of Arkansas, who is visiting Miss McCreary, tendered a delightful informal hop at the opera house Tuesday evening, which was largely attended, and which proved to be one of the most enjoyable social informal events of the season.

Miss Jackson, who was a former school-mate of Miss McCreary at Randolph-Macon College, has proven herself quite a favorite here. Possessed of a most amiable disposition, she has made many friends among the young society set who have a high regard for her, and who will regret her going away.

Always Was Sick.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: 'For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

Assailant of Mrs. Camp Charged with Similar Crime.

Atlanta, Nov. 20.—Will Johnson, the negro, who was arrested last Friday by County Policeman Buntyn, and lodged in the Tower on suspicion of having assaulted Mrs. J. N. Camp, on Nov. 13, was positively identified by Mrs. George Hembree Sunday as the man who attempted to assault her about a month ago in Oakland City.

Mrs. Hembree went to the Tower at the request of Chief Turner, of the county police, for the purpose of looking at Johnson. When the negro was brought before her she identified him as her assailant.

Johnson, at the time of his arrest, had upon his person, two women's skirts and other articles of women's clothing, and as Mrs. Camp's assailant burglarized the house at the time of the assault, these articles will play an important part in his identification.

Mrs. Camp could not go to the Tower Sunday to see the negro, and it is not known when she will be physically able to undergo the ordeal.

Johnson is the negro whose description exactly corresponded to that given by Mrs. Camp of her assailant, and whose arrest during the trial of Joe Glenn, charged with that crime, saved that negro's life when circumstantial evidence had sounded his doom.

Two Killed in Freight Collision.

Ripley, Tenn., Nov. 20.—William Scott, a trainman, and John Drumweight, a passenger, were killed and three persons were injured in a rear-end collision between two freight trains on the Illinois Central railroad near here. Those injured were A. F. Posey and John S. Morris, of Fulton, Ky., and Conductor Abernathy. Posey was the most severely injured, sustaining a broken leg and having an eye put out. The others were not seriously injured. Those killed and injured were seated in the caboose of the forward coach when the collision occurred.

ALACHUA STOCK ADMIRED AT FAIR

Entries From This County Won All Honors At Horse Show.

COMPLIMENT TO OWNERS

The Horse Show, Which Lasted Two Days, Was One of the Leading Features of the Great Fair, and Many Handsome Animals Were Shown.

Judging from the Tampa correspondent of The Times-Union, Gainesville and Alachua county carried off all the honors in the two-days' horse show, which was a feature of the big State Fair Friday and Saturday, all awards having been made to entries from this county.

Following is what the correspondent has to say:

"The horse show yesterday afternoon was the special feature of the day. George H. Mills of Chicago, and Messrs. W. F. Stovall and F. H. Gaither of this city, acted as judges, and the prize winners were as follows:

"Best Single Coach Horse exhibited in Harness—Prince Regent, first; Prince Royal second; Dandy Boy, third. All from the Standard Stock Farms, Gainesville.

"Best Standard-bred Stallion—Keeps, entered by Standard Stock Farms, Gainesville, first; Florida Cracker, by W. M. Davis, second; John Thompson, by J. R. Emerson, third.

"Best-gaited Saddle Horse—Chester McDonald, a fine stallion, entered by Standard Stock Farms, Gainesville, first.

"Best Pair Coach Horses—Prince Royal and Prince Regent, entered by Standard Stock Farms, Gainesville, first.

"In the pony class, the handsome little turnouts entered by Serafin Sanchez, E. G. Hester and E. R. Beckwith, won in the order named.

"Best Four-in-Hand—Prince Regent, Prince Royal, Gay Lord and Gay Lad, entered by Standard Stock Farms, Gainesville, first."

This recognition is no more than had been anticipated, however, since Alachua county as a whole possesses the finest stock in the State, and as fine as can be found in the country.

The Sun congratulates the owners of this magnificent stock upon their eminent success. We expect to hear more of them before the great show is over.

CIVIL SERVICE EXAMINATION

Applicants' Examination for R. F. D. Carriers Out of Hawthorn.

The progressive town of Hawthorn, determined not to be out of date with the rest of the good towns of Alachua and other counties, made an effort to secure a rural free delivery system, with the result that the effort was successful.

On Saturday Benj. T. Arnow held a civil service examination in this city for a carrier for this route. There were two applicants, Glenn D. Moore and Chas. W. Carehucke. The papers have been forwarded, and as soon as a report is made from the postoffice department at Washington the route will be established.

The good people of Hawthorn are to be congratulated upon securing this R. F. D.

UNIVERSITY TEAM DISBANDED.

Rumored that the Florida University Boys Resigned from Football.

According to the report in Sunday's Times-Union, the football eleven of the University of Florida, for which Forsyth has been coach, has disbanded for the season, and Mr. Forsyth will bend his energies toward the success of the Jacksonville team for the remainder of the winter.

The disbandment of the University team came as quite a surprise to the people of this city, but might not have been unexpected, since so little interest seems to be manifested in the game here. Notwithstanding the average light weight of the team, they have been quite successful on the gridiron, having won so far this season about even honors.

TORTURED BY ITCHING SCALP

Eczema Broke Out Also on Hands and Limbs—Suffering Intense—Doctors Said Too Old to Be Cured—An Old Soldier of 80 Years Declares:

"CUTICURA TREATMENT IS A BLESSING"

"At all times and to all people I am willing to testify to the merits of Cuticura. It saved me from worse than the tortures of hades, about the year 1900, with itching on my scalp and temples, and afterwards it commenced to break out on my hands. Then it broke out on my limbs. I was advised to use salt and water, which I did, to no effect. I then went to a Surgeon, who commenced treating me with a wash of borax. This treatment did me no good, but rather aggravated the disease. I then told him I would go and see a physician in Erie. The reply was that I could go anywhere, but a case of eczema like mine could not be cured; that I was too old (80). I went to an eminent doctor in the city of Erie and treated with him for six months, with like results. I had read of the Cuticura Remedies often. I was strongly tempted to give them a trial, so I sent for the Cuticura Soap, Ointment, and Resolvent and continued taking the Resolvent until I had taken six bottles, stopping it to take the Pills. I was now getting better. I took two baths a day, and at night I let the lather of the Soap dry on. I used the Ointment with great effect after washing in warm water, to stop the itching at once. I am now cured.

"The Cuticura treatment is a blessing and should be used by every one who has itching of the skin. I can't say any more, and thank God that He has given the world such a curative. You can use this letter as you please. A very much befriended man, Wm. H. Gray, 3303 Mt. Vernon St., Philadelphia, Pa., August 2, 1905."

SANTA FE RIVER BRIDGE BURNED

Reported Delay of Trains Over the West Coast Division of A. C. L.

A report has reached this city that the railroad bridge over the Santa Fe river, Atlantic Coast Line, near High Springs, was burned some time during Monday night, which caused the delay of West Coast trains during Tuesday, a transfer at the river being necessary.

There is no definite information, but those from High Springs who are supposed to be in a position to know, state that the information is correct.

The West Coast division of the Atlantic Coast Line, while not as up-to-date in passenger service as other divisions, is one of the most important on the system, and it is hoped that the service will be restored within the next day or two.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' dance, which yielded to no treatment but grew steadily worse, until as a last resort we tried Electric Bitters, and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by all drug stores. Price, 50c.

Didn't Have a Dance.

P. I. Hatheox, an old friend and subscriber, by personal letter to the publisher of The Sun, desires to correct the statement of the Jonesville correspondent of this paper that a dance was held at his home on a recent date.

Mr. Hatheox is evidently very much opposed to dancing, and intimates that he would not have such a function transpire at his home, where dancing is never indulged in. He believes that a mistake has been made, and that the Jonesville correspondent meant to give some other name.

What Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" it in The Sun.

From Tuesday's Daily Sun:

Vernon Chitty of Micanopy spent Sunday with relatives in this city.

No hunting in my pasture, under penalty of the law. W. C. Kincaid.

J. M. Turner and son, Hunter, were in the city from Micanopy yesterday.

Capt. J. A. King of Orange Heights was a business visitor to this city yesterday.

Born, to Mr. and Mrs. G. W. Brabham, a fine girl. Friends extend congratulations.

Mrs. Lula Moody was called to Ocala Saturday on account of the illness of her sister, Mrs. R. M. Perry.

Sunday shooting in my pasture positively prohibited, regardless of friends or friendship. W. C. Kincaid.

Mrs. Rosa Waters has returned from a pleasant visit to her husband, who is engaged in trucking at Hickman.

C. H. Slaughter of Newberry was in the city yesterday. He made The Sun an agreeable call, having his name placed on the subscription list.

I have some very fine Rhode Island Red Cockerels for sale; good strain, large, vigorous stock. Price from $1 to $2. W. A. Jones, Micanopy, Fla. Box 59.

LABOR Contracts, just the thing for farmers and turpentine men, 50c per dozen, $2 for 50, or $3 per 100. Cash in hand with order. Address, THE SUN, Gainesville, Fla.

Lost—Between Jonesville and Gainesville, on Monday, black silk cape, black silk lining; nearly new. Liberal reward if returned to Mrs. M. A. Newberry, Jonesville, Fla.

J. L. Grimes of High Springs, member of the firm of Cathcart & Grimes, general merchants, was a business visitor to this city yesterday. He made The Sun an agreeable friendly call.

Friends of Perry M. Colson, who have been anxious about his condition, will be pleased to learn that he is greatly improved. He is enabled to be about the house, but will not be out for several days.

Mr. and Mrs. Henry C. Futch desire through The Sun to sincerely thank their friends for their sympathy, support and condolence during the recent illness and death of their infant son, Lawrence Sheffield Futch.

W. S. Jackson of Lake View was trading in the city yesterday. Among other purchases of Mr. Jackson was a new cane mill. He has a fine crop of sugar cane, and expects to make a big crop of syrup the coming season.

There were a number of High Springs people in the city yesterday attending court, having been summoned as witnesses and jurors. Among them were W. J. Osteen, A. T. Criswell, M. S. Hadsock, W. J. Rives and J. R. Cathcart.

Rev. F. M. Hartman desires The Sun to announce the order in which his appointments will be arranged during the ensuing year, and has furnished the following schedule: Appointment at Antioch church changed from fourth to first Sunday; LaCrosse on second and fourth, and at North Pleasant Grove on the third Sunday in each month.

County Superintendent Dr. J. L. Kelley has returned from Tampa, where he has been setting up and arranging the educational exhibit of Alachua county at the State Fair. Everyone who has seen this exhibit pronounce it one of the best—if not the best—on the grounds, and predict honors for the energetic efforts of Superintendent Kelley and those who so generously aided him.

Mrs. C. A. Nichols and chidren, after a pleasant visit to friends here, left yesterday for Bainbridge, Ga., where they will make their future home, Mr. Nichols having accepted a lucrative position in the dispatcher's office of the Georgia, Florida and Alabama railroad. Before leaving Mrs. Nichols paid The Sun an appreciated call and had her name enrolled on the subscription list. She resided here for several years, but recently has made her home in Lake Butler, where her husband was agent of the Atlantic Coast Line.

From Wednesday's Daily Sun:

J. H. Allison of Micanopy spent yesterday in this city on business.

Mrs. Joseph W. Chamberlin of Tacoma was shopping in the city yesterday.

Mr. and Mrs. E. B. Godwin of Paradise were visiting friends in the city yesterday.

Postmaster H. C. Atwater of Waldo was transacting business in this city yesterday.

Clarence Wertheim has gone on an extended trip to Memphis, Tenn., and other points.

John D. Luther, a prominent citizen of Old Town, was in the city on business yesterday.

W. S. Yearwood, a progressive citizen of Melrose, was registered at the Brown House yesterday.

J. A. Parrish, a progressive citizen and planter of Bell, was among the visitors to Gainesville yesterday.

B. F. Kite and Arthur Williams were among the passengers to Tampa yesterday. They will "take in" the Tampa Fair.

Dr. B. C. Hodges of High Springs was in the city yesterday, having been summoned here as a witness in the circuit court.

F. M. Ramsey, a progressive planter of the Wacahoota section, was among those who spent yesterday in the county capital on business.

W. J. Osteen and N. S. Hadsock of High Springs returned to their home yesterday, after a couple of days spent here attending the circuit court.

The friends of Rev. Francis H. Craighill of Holy Trinity Episcopal Church will regret to learn that he is suffering at his home with a case of fever.

Robert Evins of Evinston and Dr. W. C. Johnson and Captain Seg Fontaine of Micanopy were in the city yesterday. Captain Fontaine was en route to Dutton, where he holds a responsible position.

Our cold storage rooms at Gainesville and Alachua are now open for business. We have just completed two new rooms at Gainesville and are prepared to take care of all the meat that comes. The Diamond Ice Co., R B. Livingston, Manager.

Justice M. A. Bexley of High Springs was among those who visited Gainesville yesterday, having been summoned on court business. Judge Bexley is one of the most prominent citizens of that town, having always held up for the best interests of High Springs.

Mr. and Mrs. W. P. Carter and children left yesterday for Levyville, where they were called on account of the serious illness of Senator N. R. Carter, who has been suffering from paralysis for some time. Friends of Senator Carter trust that he will soon regain his normal health. He is one of the most prominent citizens of Levy county.

Wade Thomas of Monteocha was in the city yesterday. Mr. Thomas, who is a progressive citizen of his section, and one who desires to keep his county always to the front, was en route to the Tampa Fair, where he had several choice articles on exhibit; but Sheriff Fennell needed an extra juryman, and among the several dozen bystanders "picked up" Mr. Thomas. Despite his pleadings, he says he was held over until too late to catch the afternoon train for Tampa, but was later excused and went down on the night train, losing a night's sleep, but expecting to arrive at the Fair in time to "show up" what he had on exhibit.

From Thursday's Daily Sun:

The many friends of Mr. Sam Fewell, one of Gainesville's oldest and best citizens, will regret to learn of his illness at his home.

Green B. Chaires, a prominent stockman and citizen of Old Town, LaFayette county, was transacting business in this city Tuesday.

Mr. and Mrs. R. W. Hilles of Philadelphia are among the visitors to Gainesville. They are well pleased with the city, and expect to remain here for some time.

D. G. Roland, a progressive citizen of Newberry and member of the firm of Tucker & Roland, general merchants, was a business visitor to Gainesville yesterday.

J. P. Lovelace, for some time employed in the composing rooms of the Pepper Publishing Company, has accepted a position as night ticket agent of the Atlantic Coast Line. Mr. Lovelace is a young man full of ambition, and his friends predict for him a future worthy to be noted.

J. W. Exley of Newberry, who recently removed with his family to this city, has opened a neat grocery store and market on the corner of East Union and South University streets, in what is known as the Truby building. Mr. Exley moved here on account of the excellent advantages offered for the education of his children. He is gladly welcomed.

THE MOTHERS' MEETING.

Interesting Meeting Will be Held at Reading Room Monday Afternoon.

The "mothers' meeting," which will be held at the rest and reading rooms of the W. C. T. U. on East Court street Monday afternoon, promises to prove one of the most interesting functions of the season. Mothers everywhere are interested in this great work, and the attendance will no doubt be large.

Following is the program, beginning at 3 o'clock:

1. "Pure Foods, and How to Obtain Them." Followed by discussion.
2. "What Phyllis Did With the Kitchen."

Music.

3. Reading—"The Antiseptic Baby."
4. "Helps and Hints of the Kitchen," followed by discussion.
5. Reading—"Results of Meat Eating."

Singing.

A cordial invitation is extended to every woman in the city, and an interesting afternoon is assured.

NIGHT TRAIN SERVICE.

Atlantic Coast Line Now Has Double Daily Trains on This Division.

The Atlantic Coast Line has inaugorated its double daily service on the Jacksonville-St. Petersburg division, which enables passengers now to reach the points traversed by this line with more convenience and frequency.

This service will be highly appreciated by the traveling public, more especially the people of Gainesville. Parties may now leave Gainesville at 4:05 in the morning, spend a full day in Jacksonville and return home, reaching here at midnight.

Ticket Agent Goodwin announces already a great increase in ticket sales notwithstanding that the service has been in effect only three days.

The Marriage Docket.

The recent warm spell has had a tendency to decrease the marriage docket in County Judge Mason's office. There has been a few licenses issued within the past three days, however, as follows: J. Hugh McComb and O. May Silvas. Robert Davis and Charlotte Long. Stephen H. Bowers and Edith T. Cuttler, white, and Lewis Gilbert and Mary Proctor, colored.

IN THE CIRCUIT COURT.

A Number of Cases Disposed Wednesday—Two for Selling Liquor

The circuit court convened at 9 o'clock Wednesday morning, Judge Palmer presiding, and State Attorney A V. Long in attendance.

The following cases were [illegible] and disposed of during the day:

State vs. Ben Brown, selling liquor in a county which had voted the sale of same. Defendant arraigned and pleaded not guilty. Jury called and sworn, case submitted and verdict of guilty.

State vs Lillie McMillan, selling liquor in a county which voted against the sale of same. Defendant arraigned and pleaded not guilty. Jury called and sworn, case submitted and verdict returned of guilty.

In the case of the State vs. [illegible] Hall, aggravated assault, defendant was arraigned and pleaded guilty.

State vs. George Tolison, selling liquor in a county which voted against the sale of same, defendant failed to appear and bond was forfeited.

In case of State vs. Tom [illegible] assault with intent to murder, defendant was acquitted.

The case of State vs. [illegible] J. C. B. Thomas, charged with attempted bribery, was continued for the term, the court being disqualified.

Whereupon court adjourned until Thursday morning at 8:30.

HAD A BIG TIME

Roll-Call Meeting of Knights of Pythias Proved a Grand Success.

One of the most enjoyable events of the season among the secret fraternities was the roll-call meeting of Mount Vernon Lodge No. 20, Knights of Pythias, which was held at the castle hall Tuesday evening.

The occasion was largely attended, about forty being present. Among the attendants were Dr. J. F. McIntosh, Sr., and J. O. Andrews, two of the pioneer members of Mount Vernon. Their meeting was a most pleasant one, and their presence was appreciated by other members of the lodge.

At the conclusion of the exercises in the lodge room, those present were served with a fine colation consisting of oysters, sandwiches, coffee, etc., which it is needless to add were greatly enjoyed.
